Terms of Business

Should be Read by Everyone before sending in your Orders

PRICES.—Owing to the dependency of seed crops on weather conditions, prices are liable to fluctuate, but as far as possible the rates shown in this Catalogue will be adhered to throughout. **PRICES LISTED IN THIS CATALOGUE** are those ruling at the time of issue, but **ARE SUBJECT TO ALTERATION WITHOUT NOTICE.** Providing the order is over 1/- in value, **WITH THE EXCEPTION OF PEAS, BEANS, AND SWEET CORN,** the prices quoted for packet seeds are post free. Prices of Vegetable Seeds in bulk, Peas, Beans, and Sweet Corn in packets, Farm Seeds and General Sundries are all understood either ex store, F.O.R., or F.O.B., Melbourne, or in the case of postal parcels, postage extra. **THIS CATALOGUE CANCELS** all previous lists.

TERMS.—All goods are supplied on the terms of monthly account, and unless stipulated otherwise on the invoice (**E. and O.E.**) a discount of $2\frac{1}{2}$ per cent. is allowed off Flower Seeds, Vegetable Seeds, Fruit Trees, and Plants paid for within 30 days of the date of invoice. **Farm Seeds, Manures, Spray Compounds,** and other lines included in the **Sundry** pages of this Catalogue are sold on a strictly nett basis, whether stipulated at time of sale or not.

REMITTANCES.—Payments may be made by cheque (Crossed and marked "Not Negotiable"), Bank Draft, Postal Note, or Post Office Order. New Zealand, Fijian, and other oversea clients are requested to remit by Bank Draft, and not by stamps or postal notes, which are not negotiable in Australia. Exchange must be added to all country and interstate cheques, the rate being 6d. for Victoria and 1/- for Interstate.

NON-WARRANTY CLAUSE

We give no warranty, expressed or implied, as to purity, description, quality, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned **UNOPENED** at once.

PACKING.—We charge cases and packing at (as near as possible) cost price.

ORDERING.—When ordering, write plainly name and address, also postal address, and state nearest Railway Station (state whether **MR., MRS.,** or **MISS.** **THESE OMISSIONS FREQUENTLY CAUSE CONFUSION.** All orders are despatched as early as possible on receipt, and should delay occur, clients are advised at once.

DELIVERY.—All goods are delivered free to Wharfs, Railway Stations, and Carriers' Offices at Melbourne, after which our responsibility ceases, and goods travel at purchaser's risk.

SUBSTITUTES.—Should the stock of any variety ordered be exhausted, we shall, to save delay, send in its place the most suitable substitute, unless instructed to the contrary.

NEW CUSTOMERS.—Customers with whom we have not previously transacted business are requested to remit with order or refer us to some reputable Melbourne person or firm as guarantee of good faith.

Chater's Prize Strain, mixed ..	1/6	6/-						
"Exquisite" choice mixed, large flowers with beautifully curled and fringed white margined petals ..	1/6	6/-						

Gill & Searle's

Novelties and Specialties

in FLOWER SEEDS

NOTE.—The descriptions given are those of the raisers or introducers.

Nasturtium—New Double, Semi-dwarf, Sweet-scented
Golden Gleam

NASTURTIIUM—New Double, Semi-dwarf, Sweet-scented— Golden Gleam.

These plants develop a tendency to run or climb on moist soils, but if pegged down they throw flowers profusely at every joint. If the centre is pinched out, they form fine globular plants full of bloom, and such blooms 3 inches in diameter on footstalks 7 to 9 inches long.

A bouquet of these attractive yellow flowers, distinctly double in form, will fill a room with pleasing fragrance, besides being a delight to the beauty-loving eye. Also, the stems are rather stiff, and long enough to be bunched, something new for Nasturtiums.

In fact, we believe the new race is as distinct an advance over the old type of Nasturtiums as the Dahlia-flowered Zinnia is over the original type, or Spencer Sweet Peas over Grandiflora. 6d. pkt.; larger pkt., 1/-.

NASTURTIIUM — New Double, Semi-Dwarf, Sweet-scented— Scarlet Gleam

Book your Order Now for October, 1934, Delivery.
2/6 pkt.

No flower of recent introduction has become so popular throughout the world as the double sweet-scented variety "Golden Gleam," and in offering of this new Double Sweet-scented Scarlet Nasturtium we predict an even greater demand on account of its bright colour.

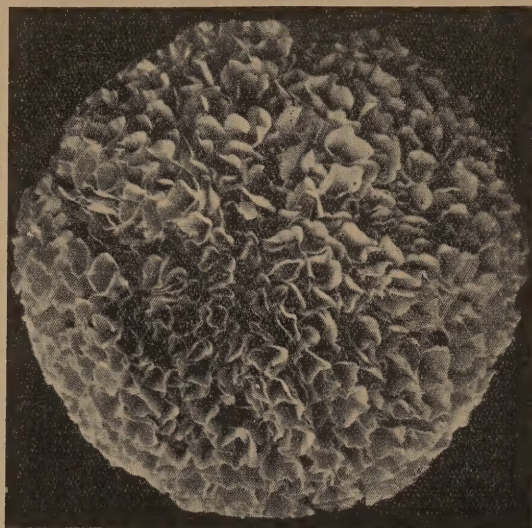

Although we anticipate having a full supply of seed, we advise customers to book their orders in advance in case of disappointment through insufficient supplies coming to hand from our growers in California, U.S.A.

NASTURTIIUM—New Double, Semi-Dwarf, Sweet-scented— Hybrids Mixed

Book your Order Now for October, 1934, Delivery.
2/6 pkt.

The giant sweet-scented flowers grow to as much as 3 inches across, the colours ranging from soft lemon through darker shades. As these new semi-dwarf Nasturtiums are "unfixed" hybrids, it is impossible to state what colours will be produced from the seed we offer. Probably colours never before seen in this class of plant will delight growers of these new sweet-scented hybrids, which produce their flowers on long, strong stems, which makes them especially useful for cutting as well as for garden decoration.

For best results, Nasturtiums should not be grown in over-rich soil, as they produce leaf growth at the expense of flowers.

Marigold—African All-Double

MARIGOLD—African All-Double.

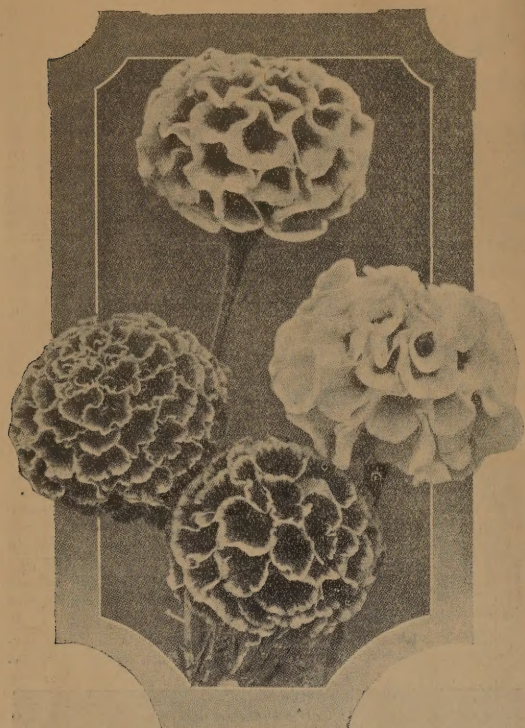

A new strain of African Marigold which produces a very high percentage of large closely quilled double heads and a small percentage of loosely-formed heads, which are equally beautiful and useful for cutting. The singles have been practically eliminated.

"All Double," orange; "All Double," lemon.

Separate Colours.—9d. pkt. each.

All Double Mixed.—9d. pkt.

ALL FLOWER SEEDS POST FREE TO ANY PART OF THE WORLD

Marigold, Dwarf French Double—Grandiflora Strain

MARIGOLD—Dwarf French Double. Grandiflora Strain, Mixed.

After years of continual re-selection, we have succeeded in fixing a strain that has in it all those characteristics that are necessary for a dwarf Marigold. The large flower heads are produced on neat plants of dwarf and symmetrical habit. For bedding and bordering, it has advantage over other strains, for many shades of colour hitherto missing are to be found. We have thoroughly tested this strain at our Nursery with excellent results. 9d. pkt.

SWEET PEAS—

EARLY WINTER-FLOWERING VARIETIES.

Eleanor Blue.—The colour is a delightful Eleanor Blue, with a silver sheen. This new shade of blue has been greatly needed, and will supersede all other light blue sorts. 9d. pkt.

Satin Rose.—Exquisite blend of rose and amber shades. 9d. pkt.

SWEET PEA—

LATE OR SUMMER-FLOWERING VARIETY.

"Bonny Briar" (New).—A mammoth-flowered rose pink, richly endowed with the best qualities of a Spencer Sweet Pea. The standard and wings have the same delightful shade of rose pink on a white ground, the rose colour is toned down with a glint of amber; this effect makes it sparkle under artificial light. 9d. pkt.

ARCTOTIS HYBRIDA—Mixed.

This is a valuable addition to the annuals suitable for growing in sunny positions. The plants grow about 12 inches high, and produce a good range of colours, each flower being marked with a dark disc at the centre. 9d. pkt.

STATICE SINUATA— Kampf's Tall Improved

The varieties of Statice are amongst the most useful of the everlasting flowers, and have become very popular of late. Kampf's Improved produces panicles of rich blue flowers on extra long stems, and is unsurpassed for cutting and florists' work.

Although the Sinuata varieties of Statice are regarded in Europe as annuals, the plants continue to grow and flower for several years in Australia. 9d. pkt.

DAHLIA—

Miniature Paeony and Charm Varieties.

Plants grow 2½ to 3 feet high, with semi-double flowers in a large variety of colours. Excellent both for garden decoration and cutting. Easily grown from seed. (Sow in late spring.) 1/- pkt.

RANUNCULUS

Our Double Exhibition Strain.—This superior strain of Ranunculi is of robust habit and very free flowering. The flowers are double, of immense size, and combine every possible shade of colour. The plants are vigorous and produce flowers on long, erect stems, providing excellent material for cutting, and are unsurpassed for table decoration. 1/- pkt.

DIANTHUS—Heddewigii Compacta, Mixed.

A dwarf and large-flowered strain, ideal for bedding. The plants, which are very level and symmetrical, are literally covered with flowers. Height 6 inches. 9d. pkt.

LUPINUS—Hartwegii Giants, Mixed.

A new improved strain of annual Lupinus. Hartwegii Giants are from 3 to 4 feet tall, or 1½ feet taller than the Hartwegii type. Colours include dark blue, sky blue, rose and white. Easily and quickly grown from seed. 9d. pkt.

ALONSOA MUTISI.

A new addition to this popular annual, bearing flowers of a deep salmon pink shade with crimson centre. The plants grow 18 inches in height. 9d. pkt.

Marigold—French Dwarf, Single—Fire Cross

MARIGOLD—French Dwarf, Single. Fire Cross.

For edging or bedding purposes we do not know of any Marigold that equals this new introduction. It resembles that popular variety Legion of Honour, but the flowers are of a much richer shade of colour, being deep orange yellow with a larger crimson blotch on each petal. Very highly recommended. 6d. pkt.

Shop73 Elizabeth Street, Melbourne, C.1
Phones: F 3645, F 3646, F 6885**Nursery**Corner Hampton St. and Centre Rd.
North Brighton, Phone X 4310**ICELAND POPPY.****MONSTROSA EXHIBITION STRAIN.**

This new introduction surpasses all other strains for length of stems and size of flowers, the latter being very large and the stems, besides being of great length up to 3 feet, are proportionally stout. In addition to the older shades, this mixture contains many glorious colour combinations difficult to describe: also self colours in orange, yellow, white, pink, etc. **WHEN IN BLOOM AT OUR "GRENDON" NURSERIES AT BRIGHTON THEY WERE THE CENTRE OF ATTRACTION.** 1/6 and 2/6 pkt.

GARTREF MIXED (Regd.).

The Gartref strain of Iceland Poppies has been re-selected from the range of art shades, and, as a distinctive feature, most of the blooms have dark edges to the petals, both in dainty tonings and in sharp contrast to the base colourings 1/- and 2/6 pkt.

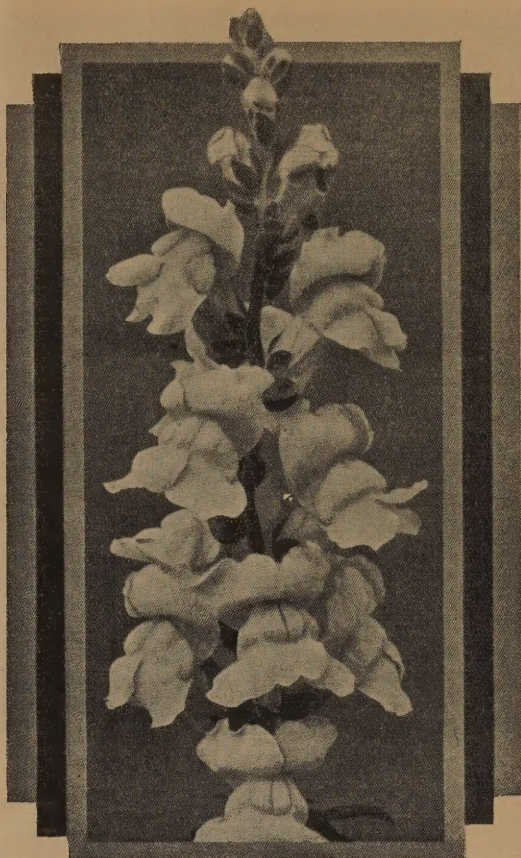

Gartref (Regd.), Dark Edged Pink Shades.—Edgings are very distinct, and a large percentage true to colour. 1/6 and 2/6 pkt.

Gartref (Regd.), Lustre.—A distinct new range, showing Gartref character. The inner surface of each petal is deeper in tone than the outer. A shading towards the centre adds to the effect of rich colouring, and zonal rings are evident in some blooms. Colours include soft, rich shades of parchment, cream, biscuit, yellow, pink, salmon, and apricot. The plants bloom even more freely than the Gartref Dark Edged, giving large blooms on erect, long stems. 1/6 and 2/6 pkt.

Gartford (Regd.), Cream.—A re-selection quite distinct from the Gartref—a Bernese Gigantum x Sandford cross. The colour is a rich cream suffused with lime green. Size and stamina are outstanding, and the type distinct from either parent. Flowers are produced very freely under favourable growing conditions, and plants continue in bloom through severe summer heat, but growth is slow for a few weeks in midwinter in climates comparable to southern Victoria. 1/6 and 2/6 pkt.

Poppy—Gartref

Antirrhinum nanum (Semi-dwarf)—Grandiflorum Malmaison

ANTIRRHINUM NANUM (Semi-Dwarf) Grandiflorum Malmaison.

There are so many beautiful varieties of Antirrhinum in our list that it is difficult to secure improvements, but in offering this lovely variety we have no hesitation in stating that its merits are outstanding. The colour is a pure silvery pink, its habit is ideal, the plant being strong stemmed, and the beautifully-formed flowers are of great size and well placed on the stem. 9d. pkt.

ANTIRRHINUM NANUM (Semi-dwarf). Giant Sorts, Mixed.

This new strain produces giant flowers in all the most popular shades of colour. Undoubtedly this mixture is of outstanding merit, and is highly recommended to all admirers of this useful class of plants. 1/- pkt.

ANTIRRHINUM, Majus Grandiflorum— Prince of Orange.

Its colour is the most brilliant ensemble of gold and orange, and the standards are soft maize, heavily overlaid shining golden apricot. The falls are deep golden chamois in colour, and the tips a rich orange yellow. In short, a blaze of gold which is very effective. 9d. pkt.

Zinnia—Scabious-flowered

ZINNIA—Scabious-flowered.

A distinct strain of Zinnia, reminding one of Double-crested Cosmeas. Flowers of medium size, each bearing a collar surmounted by a full double crest. The colours include pale rose, crimson, scarlet, orange, golden and purple shades. Height 2½ feet. 9d. pkt.

HOLLYHOCK— Double Imperator or Begonia-flowered.

A wonderful acquisition in Hollyhocks. The plants grow to a height of 4½ to 5½ feet and display the habits of the well-known Scottish Hollyhock. The flowers measure from 5½ to 6½ inches across, and in appearance are quite unlike anything as yet known. The colour display is extraordinarily rich, graduating from dark scarlet to cream, with pink edging and salmon-coloured collar, or canary yellow centre with pink collar, or the reverse, and many other attractive combinations: 1/- pkt.

HOLLYHOCK—Double Triumph

Growing 4 to 5 feet high, Hollyhock Triumph is of branching habit, all the stems being studded with prettily waved and fringed flowers, which appear in a kaleidoscopic variety of colour hitherto unknown in the genus. This beautiful new Hollyhock blooms quite ten days ahead of the ordinary classes, and it has gained a large and increasing measure of popular favour. 1/- pkt.

NICOTIANA—Crimson Bedder.

The flowers are a rich deep carmine red colour. The plants are of dwarf habit and continuously in bloom. One of our best introductions. 9d. pkt.

SCABIOUS DOUBLE GIANT—Loveliness

Loveliness is a glorious new colour in annual Scabious. The blossoms range through varying shades of soft delicate salmon rose. It is good for cutting, as it has long stiff stems, and is fragrant. 9d. pkt.

SCABIOUS GRANDIFLORA—Flore Pleno Cattleya

Cattleya is a rich rosy lilac of the beautiful orchid tone, and a new shade in Scabious. The flowers are large and attractive. Cattleya will make a valuable addition to this very popular flower. 9d. pkt.

SALVIA FARINACEA—Blue Bedder.

Easily grown perennial, forming a compact bush; suitable for bedding and borders. The beautiful flowers are of a deep blue colour, and freely produced. 9d. pkt.

PETUNIA NANA COMPACTA—Mixed.

While there has always been in existence one or two varieties of Petunias that could be classed as dwarf, this is the first time that a complete mixture with a well-balanced range of colour has been offered in a Dwarf Compact Mixture. Each plant forms a perfect ball effect from 8 to 10 inches high and about 12 inches in diameter. The colours range through deep rose, rose pink, pink, pale pink, crimson, white, etc.; also striped effects. We strongly recommend this improved strain for use wherever Petunias are needed for pots, window boxes, borders, beds, and they are suitable for rock gardens also. 1/- pkt.

PETUNIA NANA COMPACTA— Pink Gem.

The plants form neat compact plants 5 to 6 inches high. Literally smothered with deep pink blooms. A plant 8 inches in diameter will carry as many as twenty-five to thirty blooms at one time. Individual blooms are 2 inches in diameter. This Petunia will be indispensable for borders, window boxes, pots, rock gardens, and for bedding. Planted with dwarf blue Ageratum, the effect is most charming. 1/- pkt.

Petunia—Grendon Dwarf Fringed (Lacy Frills)

PETUNIA— Grendon Lacy Frills Dwarf Mixed.

A splendid dwarf bedding or bordering mixture of great beauty. The plants grow to a height of about 12 inches, and produce large single beautifully-fringed flowers in a great variety of colours. This strain has been thoroughly tested at our Nursery, where it has been greatly admired. Where a mixture of dwarf Petunias is required, there is nothing to surpass Grendon Lacy Frills. 2/- pkt.

Shop73 Elizabeth Street, Melbourne, C.1
Phones: F 3645, F 3646, F 6885**Nursery**Corner Hampton St. and Centre Rd.
North Brighton, Phone X 4310**AQUILEGIA—Crimson Star.**

Award of Merit, R.H.S., 1932.

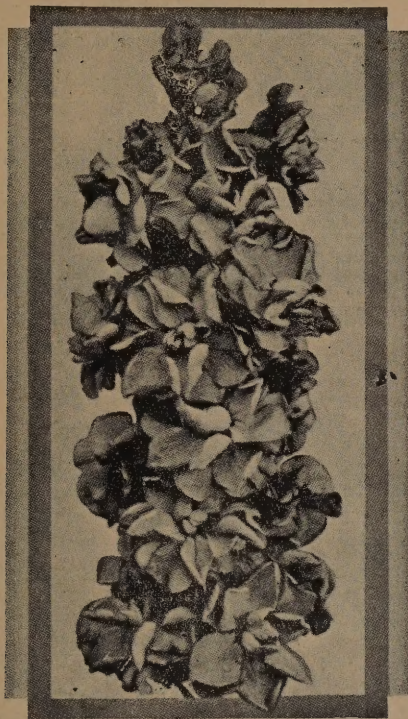

This remarkable novelty combines all the charm of the ordinary Aquilegias, with other qualities which make it very effective as a garden plant. The flowers are very large, and have crimson sepals and spurs, and white petals; an entirely new colour in Aquilegias. The plants have a sturdy free-flowering habit, and show very little variation when grown from seed. 1/- pkt.

AQUILEGIA—**Long-spurred, Blue Shades.**

A strain which embraces a varied range of blue shades, with extra long spurs. Flowers borne in great profusion on plants of medium height. 1/- pkt.

AQUILEGIA—Pink Shades.

Contains shades of pink, ranging from pale to rich coral. Splendid for cutting. 1/- pkt.

Stock (Ten-Week)—Goliath Strain

STOCK (Ten-Week)—Goliath Strain.

A new introduction of great merit. Goliath Stocks produce immense flowers of beautiful form, with long stiff stems; their habit is non-branching, producing a high percentage of doubles. The plants grow over 2 feet in height, the stems are 20 inches, and the flower spikes 12 inches in length. We offer the following in separate colours:—

Apple Blossom.—White, tinged rose.

Coppery King.—Coppery scarlet.

Illusion.—Brilliant and vivid crimson.

Rose King.—Brilliant rose.

Scarlet King.—Vivid blood red.

1/- pkt. Set of 5 separate pkts. for 4/3.

Marigold—Guinea Gold

MARIGOLD—Guinea Gold.

This is a very distinct Marigold, of graceful pyramidal habit, growing 2 to 2½ feet high, and producing 30 to 40 flowers 2 to 2½ inches across, of a brilliant shade of orange flushed with gold. Unlike the ordinary African Marigold, this new variety produces practically 100 per cent. semi-double. The characteristic Marigold odour, too, is much less pungent than in other sorts. 6d. pkt.

**VERBENA ERECTA COMPACTA—
Carmine Ball.**

A beautiful Verbena, forming a perfectly symmetrical plant about ten inches high and twelve inches across, and is completely covered with bright carmine flowers. The plants in our trial grounds carried fifty to sixty trusses of bloom on the plant at one time. It is a continuous bloomer, and makes a wonderful bedding plant, besides being indispensable for pots and borders. 9d. pkt.

**VERBENA HYBRIDA GRANDIFLORA—
Spectrum Red.**

As its name implies, this magnificent Verbena is an intense bright red—brighter than any other variety yet introduced. Having absolutely no eye, the colour is intensified, and its brilliance is quite dazzling. The individual florets are over an inch in diameter. 9d. pkt.

Cerise Queen.

A beautiful shade of soft salmon cerise, quite new in Verbenas, making a charming addition to this group. It has immense individual flowers, an inch or more in diameter on giant trusses, with fairly long stems, making it suitable for cutting. It is recommended to all who want a lively new colour in Verbenas. 9d. pkt.

VISIT OUR NURSERY DURING MARCH, APRIL, AND MAY FOR DAHLIA DISPLAY

Calendula—Double Art Shades

CALENDULA—

DOUBLE ART SHADES.

This novel and attractive mixture of Calendulas, which has resulted from crosses at our Selection Grounds, contains many tones and shades not previously obtainable—delicate apricots, picotee edged, orange shades, cream tones—in fact, every conceivable tint from almost pure white through cream and buff to yellow and deep orange. 1/- pkt.

CHRYSANTHA (SUNSHINE).

Calendula chrysantha has proved an outstanding and popular novelty. The petals are long and wide, drooping in the same manner as some Chrysanthemums, and giving the large double flowers a globular outline. The colour is a clear buttercup yellow. 1/- pkt.

LARKSPUR—Emperor (Dwarf, Branching)

Double Stock-flowered Enchantress.

A fine new Larkspur suitable for bedding or pots. The colour is a charming soft salmon pink on well-formed compact plants, 2 feet high. An excellent garden plant. The whole plant has the appearance of being almost completely covered with flowers. 9d. pkt.

RICINUS—Crimson Beauty.

During the season this was one of the most admired plants at our Nursery. The large ornamental palmate leaves are a dark metallic red, but more attractive are the large clusters of crimson seed capsules, which have the appearance of being covered with red bristles; they last on the plants for several months. If the seed is sown as soon as the frosts are over in the spring, the plants, which grow 4 to 6 feet high and are of quick growth, will develop their ornamental seed pods the same season. 1/- pkt.

BELLIS DOUBLE MONSTROSA—

Lilac.

Bellis Lilac is a pretty double lilac shade of Monstrosa or large-flowered variety of English Daisy, which is very useful for bordering. 1/- pkt.

BELLIS—Idyl Radiata.

A new variety of Double Daisy of a dark red colour. The formation of the flowers differs from the other kinds, some of the petals being quilled whilst other petals are similar to those of the ordinary kinds of Bellis. 1/- pkt.

AGERATUM—

Grandiflora Dwarf Compact.

Grendon Gem.

This new Ageratum is of dwarf habit, and produces its flowers over a long period. The blooms are of a lovely blue colour, changing with age to a rose shade, which adds to its beauty. 9d. pkt.

AGERATUM—Little Silver Star.

This charming counterpart of the popular variety Little Blue Star denotes a valuable addition to the Ageratum assortments. Little Silver Star is distinguished for its compact, close habit, and is, therefore, specially recommended for edgings. The even, round, cushion-shaped plants, which are only from 4 to 5 inches high, measure from 8 to 10 inches across. When flowering, they are so thickly covered with silver-grey star-like flowers that even the small light green leaves are practically hidden. 1/- pkt.

Ageratum—Blue Cap

AGERATUM—Blue Cap.

Undoubtedly one of the best dwarf Ageratums yet offered. The flowers are of good size and of a deep colour. The foliage is small, and the plants have the appearance of miniature domes, so that it is splendid for edgings to flower borders. 1/- pkt.

Canterbury Bells—New Annual Strain

CANTERBURY BELLS.**NEW ANNUAL STRAIN.**

Many years of careful selection have at last given us an annual Canterbury Bell which blooms from seed in less than six months. It should now be possible to have this beautiful flower in bloom at almost any time of the year. The plants grow from two to two and a half feet tall, each plant having from six to eight spikes of blooms. We offer this in mixture, containing the following colours: Dark blue, light blue, pink, rose and white. 9d. pkt.

POPPY, SHIRLEY—**Double Begonia-flowered.**

In this novelty we have the result of continued re-selection, and have secured a very attractive and improved form of the old double Shirley Poppy. The range of colours is large, and seldom have we seen such beautiful tones. 9d. pkt.

ESCHSCHOLTZIA—Bridesmaid.

Bridesmaid is a delightful soft coral pink colour. The flowers, which are large, are freely produced on erect, compact plants. Highly commended by the Royal Horticulture Society. 9d. pkt.

ESCHSCHOLTZIA—New Blend Mixture.

A special mixture of this popular annual, including all the better and newer sorts. For the best results, sow where the plants are to remain; 1½ feet. 9d. pkt.

AMARANTHUS.

The new varieties offered are magnificent annual foliage plants, which should be raised in the spring and planted in an open, sunny position. A bed of the variety Combustion made a brilliant display of colours in the Ballarat Botanical Gardens last season.

Molten Fire.—Brilliant Poinsettia-like colourings. 9d. pkt.

Combustion.—Bright red markings. 9d. pkt.

ANCHUSA ANNUAL—Blue Bird.

This new annual Anchusa is of compact habit. It is especially suited for small gardens. The plant grows about 18 inches in height, and bears its flowers in a luxuriant bouquet at the top of the plant. The flowers are of a vivid indigo blue, and of brilliant effect in any scheme for the decoration of beds and borders. 9d. pkt.

**CHRYSANTHEMUM—Cascade
(Japanese Mountain, Mixed)**

A new race of Chrysanthemums which flower six months from sowing seed. It is very easily grown in pots, or in the open ground. A fine cut flower and a showy pot plant, falling as it does in cascades of beautiful flowers. The colours are vivid and include scarlet, crimson, bronze, orange, yellow, white, etc. 1/- pkt.

**FREESIA HYBRIDA—
Princess Marie Jose.**

A lovely addition to this popular class of plants. The flowers are of a bright red shade, and, as they are produced on long stems, they are very useful for cutting purposes.

If the seed is sown early in the spring, the plants should flower the same season. 1/- pkt.

**GERANIUM—Wallichianum
Buxton's Blue**

A plant that will be appreciated in the perennial border. This Geranium reproduces true from seed and bears clear Nemophila-blue flowers on plants about three feet in height. Very hardy. 1/- pkt.

**FELECIA ROTUNDIFOLIA—
Kingfisher Daisy.**

Produces beautiful sky-blue daisy-like flowers right through the season until early frosts. This annual is easily raised, and comes quite true from seed. 9d. pkt.

**PENTSTEMON HETEROPHYLLUS—
Blue Gem.**

This pretty perennial is aptly named, for certainly it is a gem. The flowers, which are freely produced, are of a glorious shade of blue. It is of dwarf habit, and besides being so useful for the mixed border it also makes an excellent rock plant. 1/- pkt.

DIMORPHOTHECA—Salmon Beauty.

Undoubtedly this is one of the finest annuals ever introduced. It should be planted in a good sunny position. The Marguerite-like flowers, which are very freely produced, are of an attractive shade of salmon. (Sow in spring.) 1/- pkt.

**CANDYTUFT—Miniature Gem
Hyacinth-flowered Type.**

The result of years of selection has produced a dainty, miniature Hyacinth-flowered white Candytuft about 3½ inches high, each plant producing four to six spikes. A perfect miniature gem for the rock garden. 6d. pkt.

GENERAL LIST OF FLOWER SEEDS

ANNUALS.—Flower, produce seeds, and die the same year as they are sown. **BIENNIALS.**—Those which are sown in one year, and bear their flowers and seeds and die the next. **PERENNIALS.**—Those which grow and flower for several years, usually blooming the second year from seed.

SUBSTITUTES.—Should the stock of any variety ordered be exhausted, we shall, to save further delay, send in its place the most suitable substitute, unless instructed to the contrary.

FOR NOVELTIES AND SPECIALTIES IN FLOWER AND VEGETABLE SEEDS, SEE SPECIAL PAGES.

ABBREVIATIONS.—H., Hardy; H.H., Half-Hardy; A., Annual; B., Biennial; H.B., Hardy Biennial; P. Perennial; Gr., Greenhouse; Cl., Climber; Trl., Trailer; Herb., Herbaceous. Thus H.H.A., Half-Hardy Annual; Herb.P., Herbaceous Perennial, etc.

SEED SOWING.

A large percentage of the failures experienced in raising seeds is due to the following causes:—

1. Using unsuitable soil for covering. Sifted, well-decayed cow manure will give the best results.
2. Sowing too deeply or not covering sufficiently.

3. Allowing the surface of the soil to become dry.
4. Omitting to provide some sort of covering during hot weather.
5. Sowing while the soil is too cold or too wet to permit germination.

ACROCLINIUM (Everlasting Flower). H.A. (Sow Spring to early Autumn.)

1. Double Mixed.—Beautiful everlastings 3d. pkt.

ADONIS. H.A. (Sow Spring to Autumn.)

2. *Æstivalis*.—Scarlet, $\frac{1}{2}$ foot 3d. pkt

182. Carnation—Giant Malmaison

CENTROSEMA (Climber). H.P. (Sow Spring to Autumn.)

199. *Grandiflora (Butterfly Pea)*.—Produces large clusters pea-shaped flowers 6d. pkt.

CERASTIUM. H.P. (Sow Spring to Autumn.)

200. *Tomentosum*.—An excellent silver-leaved edging plant. 6d. pkt.

CHRYSANthemum ANNUAL. H.A. (Sow Spring to Autumn.)

201. *Double Tricolor Hybrid Varieties*, Mixed.—Very fine strain; 2 feet 3d. pkt.
202. *Tricolor Varieties*, Mixed 1/6 ½ oz.; 3d. pkt.

CHRYSANthemum PERENNIAL. H.P. (Sow Spring to Autumn.)

203. *Cascade (Japanese Mountain)*.—See Novelty and Specialty pages.
204. *Maximum California*.—Flowers creamy white, bearing fine, large blooms 6d. pkt.
205. *Maximum Mayfield Giant*.—Pure white flowers, long stems. 6d. pkt.
206. *Indicum Double Mixed*.—Saved from a splendid collection of Japanese Chrysanthemums 6d. pkt.

CINERARIA. H.H.A. (Sow late Summer and Autumn.)

207. *Our Grandiflora Strain*.—Produces large, well-formed flowers, and embraces a very wide range of shades and colour combinations. 2/6 pkt.
208. *Garden Strain*.—A choice bedding mixture, including many shades. 1/- pkt.

CISTUS (Helianthemum) Rock Rose. H.P. (Sow Spring to Autumn.)

209. *Splendid mixed rock or border plants for sunny positions*: height about 1 foot 6d. pkt.

ORDER FLOWER SEEDS BY NUMBER ONLY

207. *Cineraria*—*Grandiflora* Strain (See page 13)

CLARKIA. H.A. (Sow Spring to Autumn.)

Double-flowered Improved Type.

Collection of 6 Distinct Varieties of Clarkias for 2/6.

210. Carmine Queen.—Light carmine	6d. pkt.
211. Chamois Queen.—Pale chamois	6d. pkt.
212. Chieftain.—Delicate shade of mauve	6d. pkt.
213. Enchantress.—Deep salmon pink	9d. pkt.
214. Katoomba.—Rich clear rose	6d. pkt.
215. Mont Blanc.—Large, pure white	6d. pkt.
216. Orange King.—Orange scarlet	6d. pkt.
217. Purple Prince.—Rich purple	6d. pkt.
218. Queen Mary.—Rich carmine	6d. pkt.
219. Rosy Morn.—Beautiful rose pink	6d. pkt.
220. Ruby King.—Rich ruby red	6d. pkt.
221. Salmon Queen.—Salmon pink	6d. pkt.
222. Vesuvius.—Deep orange scarlet	6d. pkt.
223. Double Mixed	1/6 ½ oz.; 6d. pkt.
224. Single Mixed	1/6 ½ oz.; 6d. pkt.

CLIANTHUS (Sturt's Desert Pea) H.H.A. (Sow late Spring and Summer.)

225. Dampieri.—Brilliant scarlet, black spot in centre of the flower.	6d. pkt.
---	----------

COBÆA. H.P.Cl. (Sow Spring to Autumn.)

226. Scandens.—Purple-like, bell-shaped flowers	6d. pkt.
227. Scandens, alba.—White flowers	6d. pkt.

COLEUS. H.H.P. (Sow Spring and early Summer.)

228. Dwarf Giant-leaved, Mixed	2/- pkt.
--	----------

COLLINSIA. H.A. (Sow Spring to Autumn.)

229. Mixed Colours.—Very showy and useful plants for beds and borders	3d. pkt.
---	----------

CONVOLVULUS (Climbers). H.A. and H.P. (Sow Spring to Autumn.)

230. Cardinalis.—Dazzling shade of cardinal red	6d. pkt.
231. Heavenly Blue.—Sky-blue flowers	6d. pkt.
232. Imperialis, Mixed (Japanese Morning Glories).—A beautiful strain	6d. pkt.

234. Mauritanicus.—A hardy perennial, trailing variety, producing pretty pale blue flowers suitable for rockeries, hanging-baskets, etc.	6d. pkt.

CORNFLOWER. H.A. (Sow Spring to Autumn.)

235. Double Dark Blue	1/6 ½ oz.; 3d. pkt.
236. Double Mauve Queen.—Attractive colour	9d. pkt.
237. Single Dark Blue.—1½ feet	1/- ½ oz.; 3d. pkt.
238. Choice Mixed	3d. pkt.

COSMOS (*Cosmea bipinnata*). H.H.A. (Sow Spring and Summer.)

DOUBLE-CRESTED VARIETIES:

6d. pkt.; Set of 3 Colours, 1/3.

239. Pink; 240. Red; 241. White.	
242. Mixed.—Including the above shades	6d. pkt.

SINGLE VARIETIES:

243. Fairy Queen.—Bright carmine rose	6d. pkt.
244. Giant Early Flowering, Fancy Single Mixed. 2/- ¼ oz.;	6d. pkt.
245. Hollywood Star.—The flowers are pink, red, and white, borne on long stems	9d. pkt.
246. Klondyke.—Rich orange shade. A slow-growing variety which should be sown as soon as frosts are over in the spring.	6d. pkt.
247. Lady Lenox, Pink	6d. pkt.
248. Lady Lenox, White	6d. pkt.
249. Fine Mixed	1/6 ½ oz.; 3d. pkt.

CROTALARIA. H.P. (Sow Spring to Autumn.)

250. Retusa (Dwarf Yellow Pea)	6d. pkt.
--	----------

CYCLAMEN. H.P. (Sow Spring to Autumn.)

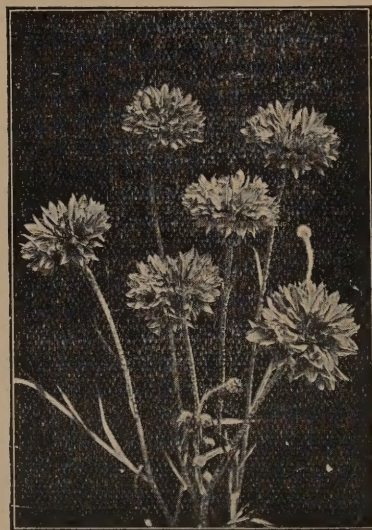

251. <i>Persicum giganteum</i> (Our Special Strain).—Containing a wide range of colours	2/6 pkt.
252. <i>Papilio</i> (Butterfly Cyclamen).—Flowers curled and frimbriated at the edges	2/- pkt.
253. <i>Persicum</i> , Mixed	1/- pkt.

CYNOGLOSSUM. H.P. (Sow Spring to Autumn.)

254. Amabile.—Brilliant blue Forget-me-not-like flowers. Suitable for dwarf borders	6d. pkt.
---	----------

DAHLIA. H.P. (Sow Spring to early Summer.)

255. Cactus, Double Mixed	1/- pkt.
256. Collarette, New Hybrids, Mixed	6d. pkt.
257. Colossal, Single Mixed	6d. pkt.
258. Coltness Hybrids.—Compact habit, averaging about 18 inches high	1/- pkt.
259. Double Pomponne, Mixed	1/- pkt.
260. Double Ball, Mixed	6d. pkt.
261. Double Monarch.—Stiff-stemmed, mixed	1/- pkt.
262. Miniature Paony and Charm Varieties, Mixed.—See Novelty and Specialty pages.	
263. Paony-flowered, Double Mixed	6d. pkt.
264. Unwin's Dwarf Hybrids.—A new race of dwarf bedding Dahlias. They are extremely free flowering, and embrace a most charming and very wide colour range. The plants grow to about 24 inches in height	1/- pkt.

235. Cornflower—Double Dark Blue

DAISY (Bellis perennis).—H.P. (Sow Spring to Autumn.)

The Bellis is the true English Daisy so useful for bordering.

265. *Idyl radiata*.—See Novelty and Specialty pages.
 266. *Monstrosa alba*.—White 6d. pkt.
 267. *Monstrosa Lilac*.—See Novelty and Specialty pages.
 268. *Monstrosa rosea*.—Dark rose 6d. pkt.
 269. *Monstrosa Mixed*.—A very showy mixture 6d. pkt.

DELPHINIUM

H.P. and H.A. (Sow Spring to Autumn.)

270. *Azure Fairy*.—Annual variety, producing flowers of a beautiful sky blue; 12 inches 6d. pkt.
 271. *Blue Butterfly Improved*.—Improved strain of the Blue Butterfly; colour deep blue; 18 inches 6d. pkt.
 272. *Belladonna Improved*.—A greatly improved strain of the popular Belladonna, with a brighter and larger light-blue flower; comes true from seed 1/- pkt.
 273. *Chinense Mixed*.—Annual variety, containing a number of fine sorts; 18 inches 3d. pkt.
 274. *Excelsior Strain, Mixed*.—A superb type of the tall Perennial Delphiniums 9d. pkt.
 275. *Elatum Iceberg*.—Long spikes thickly covered with large, pure white blooms 1/- pkt.

GRENDA GIAN HYBRIDS.

276. Our Grendon strain has been greatly admired, containing, as it does, all the shades of colour to be found in this class of flower. It is impossible to describe the beautiful colourings of the flowers; they range through all shades of blue, from the darkest to the most delicate shades, mauve, pink, amethyst, lavender tints, etc., merging into one another and giving a shot silk appearance to many of the flowers. Others are self-coloured in different tones of blue, some have white centres, others black or brown, the latter giving the spike of flower the appearance of being covered with bees. Both the spikes and the individual blooms are exceptionally large 2/- pkt.

DIANTHUS. H.A. (Sow Spring to Autumn.)

277. *Chinense Double, Mixed (Indian Pink)* 3d. pkt.
 278. *Heddewigii compacta, Mixed*.—See Novelty and Specialty pages.
 279. *Heddewigii nobilis, Mixed (Royal Pinks)*.—Flowers beautifully frilled and fringed 6d. pkt.
 280. *Heddewigii, Single Mixed* 1/6 1/2 oz.; 3d. pkt.
 281. *Highland Hybrids (New)*.—Splendid mixed 6d. pkt.
 282. *Lacinatus, Double Mixed* 6d. pkt.
 283. *Single and Double Mixed* 6d. pkt.
 284. *Superbissimus, Mixed*.—Beautiful strain of single Dianthus of the Heddewigii type 6d. pkt.

DIDISCUS (The Blue Lace Flower). H.A. (Sow Spring to Autumn.)

285. *Ceruleus*.—Clear blue flowers 6d. pkt.

DIMORPHOTHECA (Star of the Veldt). H.A.H.P. (Sow Spring and Summer.)

286. *Aurantia Hybrids, Mixed (Annual)*.—Flowers like Marguerite in appearance 6d. pkt.
 287. *Eklonis*.—Perennial white Marguerite-like flowers 9d. pkt.
 288. *Salmon Beauty*.—See Novelty and Specialty pages.

DOLICHOS. H.P.Cl. (Sow Spring and Autumn.)

289. *Lignosus*.—Purplish-pink flowers 3d. pkt.
 290. *Lignosus, albus*.—White flowers 3d. pkt.

ESCHSCHOLTZIA. H.A. (Sow Spring to early Autumn.)

Collection of 6 Varieties, 2/6.

291. *Bridesmaid*.—See Novelty and Specialty pages.
 292. *Fairy Queen*.—Cochineal carmine shade 6d. pkt.
 293. *Firelight*.—Rich orange-flame shade 6d. pkt.
 294. *Golden West*.—Deep golden yellow 6d. pkt.
 295. *Mandarin*.—Mandarin-orange shade 6d. pkt.
 296. *Masterpiece*.—Pure rich mauve 6d. pkt.
 297. *Oberon*.—Bright reddish purple 6d. pkt.
 298. *Ramona*.—Coppery gold, pink shading 6d. pkt.
 299. *Rose Queen*.—Carmine-rose shade 6d. pkt.
 300. *Crocea, fl. pl.*—Double orange 6d. pkt.
 301. *Sensation*.—Rich deep scarlet 6d. pkt.
 302. *Titania*.—Primrose red, overlaid terra cotta 6d. pkt.
 303. *Choice Hybrids, Mixed* 3d. and 6d. pkt.
 304. *New-blend Mixture*.—See Novelty and Specialty pages.

ERIGERON. H.P. (Sow Spring to Autumn.)

305. *Speciosus Hybrid grandiflorum*.—Rosy-lilac flowers; height 18 inches 9d. pkt.

276. Delphinium—Grendon Giant Hybrids

FELICIA. H.P. (Sow Spring to Autumn.)

306. *Rotundifolia*.—See Novelty and Specialty pages.

FOXGLOVE (Digitalis).—H.P. (Sow Spring to Autumn.)

307. *Large-flowered, Mixed* 3d. pkt.

FREESIA. H.P. (Sow Spring to Autumn.)

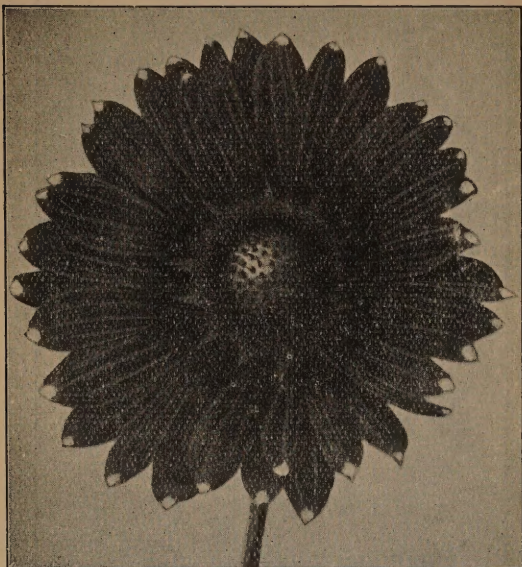

308. *New Hybrids, Mixed* 6d. pkt.
 309. *Freesia Hybrida (Princess Marie Jose)*.—See Novelty and Specialty pages.

GAILLARDIA. H.A. and H.P. (Sow Spring to Autumn.)

310. *Bremen*.—Coppery-scarlet, dark brown disc (perennial). 9d. pkt.
 311. *Dazzler*.—Flowers large, bright golden yellow, with rich maroon-red centre (perennial) 6d. pkt.
 312. *Grandiflora, Mixed* (perennial) 6d. pkt.
 313. *Lorenziana, Mixed* (annual).—Double flowers 3d. pkt.
 314. *Portola Hybrids*.—This superb new strain bears flowers of very large size, the colour ranging through shades of bronzy red with golden edges (perennial) 9d. pkt.

GENTIANA. H.P. (Sow Spring to Autumn.)

315. *Acaulis*.—Rich ultramarine blue flowers. Requires a cool situation. 9d. pkt.

310. *Gaillardia—Bremen* (See page 15)

GENISTA. H.P. (Shrubs). (Sow Spring to Autumn.)

All varieties mentioned can easily be grown from seed, and are splendid for garden decoration.

- 316. *Andreana*.—Crimson and yellow 6d. pkt.
- 317. *Canariensis*.—Pale yellow; 6 feet 6d. pkt.
- 318. *Florida*.—Golden-yellow flowers; 5 feet 6d. pkt.
- 319. *Monosperma*.—White flowers; 10 feet 6d. pkt.
- 320. *Spartium Juncum* (Spanish Broom).—Yellow; a well-known variety 6d. pkt.

GERANIUM. H.P. (Sow Spring to Autumn.)

- 321. *Wallichianum*.—See Novelty and Specialty pages.

GERBERA (South African Daisy). H.P. (Sow Spring to Autumn.)

- 322. *Jamesoni Hybrids*.—The seed offered is Australian saved, and can be relied on to be fresh. The colours include white, yellow, orange, gold, salmon, rose, ruby red, lavender, violet, and mauve, as well as the original scarlet *Jamesoni* 1/6 pkt.

GEUM. H.P. (Sow Spring to Autumn.)

- 323. *Mrs. Bradshaw*.—Double scarlet 6d. pkt.
- 324. *Lady Stratheden*.—Golden yellow 6d. pkt.
- 325. *Orange Queen*.—Orange scarlet 9d. pkt.

GILIA. H.A. (Sow Spring to Autumn.)

- 326. *Capitata*.—Sky-blue ball-shaped flowers 6d. pkt.

GLADIOLI. H.P. (Sow Spring and Summer.)

- 327. *Choice Mixed Hybrids* 6d. pkt.

GLOBE AMARANTH (*Gomphrena*), Everlasting. H.A. (Sow Spring to Autumn.)

- 328. *Mixed*.—Splendid for beds or borders 3d. pkt.

GLOXINIA. Gr.P. (Sow Spring and Summer.)

- 329. *Erect and Drooping Sorts, Mixed*.—Sow the seed in a box or pan, and keep in a frame or glasshouse 1/6 pkt.

GODETIA. H.A. (Sow Spring to Autumn.)

- 330. *Azaleiflora fl. pl.*.—Double pink flowers resembling an Azalea. 6d. pkt.
- 331. *Brilliant*.—Double crimson flowers with white centre; 1½ feet. 6d. pkt.

Godetia—continued.

- 332. *Cattleya*.—Light lilac, double flowers. An outstanding variety; 1 foot 6d. pkt.
- 333. *Charming*.—Deep, satiny pink 6d. pkt.
- 334. *Crimson Glow*.—Dwarf habit, very showy 6d. pkt.
- 335. *Gorgeous*.—Vivid satiny crimson 6d. pkt.
- 336. *Lindleyana*.—Double mauve flowers; 2 feet 6d. pkt.
- 337. *Sweetheart*.—A fine variety of dwarf-growing double flowers shining pink, overlaid cream; 1 foot 6d. pkt.
- 338. *Sybil Sherwood*.—A glorious shade of bright salmon pink; single; 1 foot 6d. pkt.
- 339. *Pelargonium*.—Blush pink, blotched carmine single flower; height 1½ feet 3d. pkt.
- 340. *The Bride*.—White, blotched crimson 3d. pkt.
- 341. *Choice Mixed*.—1½ feet 1/- ½ oz.; 3d. pkt.

GRASSES, ORNAMENTAL. H.A. (Sow Spring to Autumn.)

- 342. *Agrostis nebulosa*.—Graceful habit 3d. pkt.
- 343. *Briza maxima* (Large Quaking Grass) 3d. pkt.
- 344. *Eragrostis elegans* (Love Grass) 3d. pkt.
- 345. *Tricholaena rosea*.—Feathery panicles 3d. pkt.
- 346. *Ornamental Grasses, Mixed* 3d. pkt.

GYPSOPHILA. H.A. and H.P. (Sow Spring to Autumn.)

- 347. *Elegans carminea*.—Crimson (annual) 3d. pkt.
- 348. *Elegans rosea*.—Deep rose (annual) 3d. pkt.
- 349. *Elegans grandiflora alba* (Paris Market Strain).—Pure white flowers (annual) .. ½ oz., 6d.; per oz., 1/6; 3d. pkt.
- 350. *Paniculata*.—Perennial, white flowers 6d. pkt.
- 351. *Paniculata, fl. pl.*.—Double-flowering form of *Paniculata*, bearing white flowers (perennial) 1/- pkt.

HELICHRYSUM MONSTROSUM (Everlasting Flower). H.A. (Sow Spring to Autumn.)

- 352. *Double Mixed*.—Suitable for cutting 3d. pkt.
- 353. *Silvery Pink*.—Delicate silvery-pink flowers 6d. pkt.

HELIOTROPE (Cherry Pie). H.H.P. (Sow Spring and Summer.)

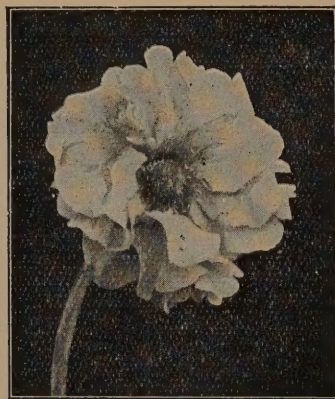

- 354. *Regale, Mixed*.—A selected strain of the old English Heliotrope or Cherry Pie 6d. pkt.

HELLEBORUS. H.P. (Sow Spring to Autumn.)

- 355. *Mixed Hybrids* (Christmas Roses).—Splendid winter-flowering plants 6d. pkt.

HEUCHERA. H.P. (Sow Spring to Autumn.)

- 356. *Sanguinea*.—Rich coral red flowers 6d. pkt.
- 357. *Hybrida, Mixed* 6d. pkt.

323. *Geum—Mrs. Bradshaw*

HOLLYHOCK. H.P. (Sow Spring to Autumn.)

- 358. *Allegheny Pink*.—A beautiful double annual variety .. 6d. pkt.
- 359. *Chater's Double Prize Strain, Mixed*.—Saved from selected varieties 9d. pkt.
- 360. *Double Imperator*.—See Novelty and Specialty pages.
- 361. *Double-flowering, Mixed* 6d. pkt.
- 362. *Double Triumph*.—See Novelty and Specialty pages.
- 363. *Single, Mixed*.—A choice strain 6d. pkt.

HONESTY (Satin Flower). (See Lunaria.)

HUNNEMANNIA (Mexican Poppy). H.P. (Sow Spring to Autumn.)

The Hunnemannia will not stand transplanting, and seed must be sown thinly where the plants are to remain.

364. **Fumariaefolia.**—Excellent for cut bloom. Bright lemon yellow tulip-shaped flowers 6d. pkt.

IBERIS (Perennial Candytuft). H.P. (Sow Spring to Autumn.)

365. **Gibraltarica.**—Lilac; 1 foot 6d. pkt.

IONOPSIDIUM. H.A. (Sow Spring to Autumn.)

366. **Acaule (Violet Cross).**—A delightful little bedding plant growing about 4 inches high, which during the past season was greatly admired at the Ballarat Gardens. Flowers white, tinged violet. 6d. pkt.

KOCHIA (Summer Cypress). H.H.A. (Sow Spring and Summer.)

367. **Tricophylla Childsil.**—A charming summer annual foliage plant, which changes in the autumn to blood red 6d. pkt.

KUDZU VINE. (See Pueraria Thunbergia.)

LANTANA. H.P. (Sow Spring to Autumn.)

368. **Dwarf Compact Hybrids.**—Extremely useful for bedding. 6d. pkt.

LARKSPUR DOUBLE TALL STOCK FLOWERED.

H.A. (Sow Spring to Autumn.)

Collection of 6 Varieties of Tall Rocket Larkspurs for 2/6.

369. **Admiration.**—Deep lilac 6d. pkt.

370. **Azure Beauty.**—Azure or sky blue 6d. pkt.

371. **Empress Rose.**—A rich rhododite pink, changing to 6d. pkt.

372. **Exquisite.**—Beautiful soft pink 6d. pkt.

373. **Glen Elra.**—Bright violet 6d. pkt.

374. **La France.**—Salmon pink 6d. pkt.

375. **Lord Nelson.**—Dark blue 6d. pkt.

376. **Orestes.**—Pure white 6d. pkt.

377. **Rosy Scarlet.**—A beautiful shade 6d. pkt.

378. **Zurlinga.**—Rosy mauve 6d. pkt.

379. **Mixed.**—Special strain, containing all the above and many other beautiful colours 1/- ½ oz.; 6d. pkt.

LARKSPUR DWARF ROCKET.

380. **Pink Delight.**—A fine new variety; flowers soft pink 6d. pkt.

381. **Mixed.** 1/- ½ oz.; 3d. pkt.

LARKSPUR, GIANT IMPERIAL.

Collection of 5 Varieties, 2/3.

These Larkspurs are ideal for cut flowers as the flower stems, which are from 3 to 4 feet long, branch from the base of the plant.

382. **Blue Spire.**—Intense deep Oxford blue 6d. pkt.

383. **Exquisite Rose.**—Rose pink 6d. pkt.

384. **Lilac Spire.**—Lilac 6d. pkt.

385. **Miss California.**—Deep pink, shaded salmon 6d. pkt.

386. **Peach Blossom.**—Clear light pink 6d. pkt.

387. **Dwarf Enchantress (Emperor type).**—See Novelty and Specialty pages.

LAVANDULA (Lavender). H.P. (Sow Autumn and Spring.)

388. **The True English Lavender.**—Useful for sachets, etc.; height 3 feet 1/6 ½ oz.; 6d. pkt.

LAVATERA. H.A. (Sow Spring to Autumn.)

389. **Splendens, Loveliness.**—Deep rose pink flowers 6d. pkt.

LEPTOSYNE (Winter-flowering Marguerite). H.P. (Sow Spring to Autumn.)

390. **Maritima.**—Golden-yellow flowers 1/- ½ oz.; 6d. pkt.

LILIUM. H.P. (Sow Spring to Autumn.)

Sow Lily seed in a cool position.

391. **Auratum.**—Golden-rayed Lily of Japan. The seed takes 12 months to germinate; 4 feet 1/- pkt.

392. **Regale (Royal Lily of China).**—Flowers creamy white, shaded rose. The seed takes from 3 to 4 weeks to germinate; 4 feet. 6d. pkt.

391. *Lilium auratum*

(See also Bulb Section, page 35.)

LINARIA (Toad Flax). H.A. and H.P. (Sow Spring to Autumn.)

393. **Cymbalaria (Kenilworth Ivy).**—Perennial trailing plant, dainty mauve flowers. Suitable for rockeries 6d. pkt.

394. **Excelsior Strain, Mixed (annual)** 3d. pkt.

395. **Reticulata aurea purpurea (annual).**—Yellow and purple flowers; 1 foot 3d. pkt.

LINUM (Flax). H.A. (Sow Spring to Autumn.)

396. **Grandiflorum rubrum.**—Excellent for clumps or edgings; flowers scarlet 3d. pkt.

LOBELIA. H.H.A. (Sow Spring to Autumn.)

397. **Azurea.**—Light azure blue 6d. pkt.

398. **Blue Stone.**—Clear blue flowers 6d. pkt.

399. **Crystal Palace compacta.**—Flowers rich deep blue. 3/6 ½ oz.; 6d. pkt.

400. **Hybrida, Sapphire.**—A trailing variety; flowers deep blue, with pure white eye 6d. pkt.

LUNARIA (Honesty). H.B. (Sow Spring to Autumn.)

401. **Mixed Colours.**—Ornamental silvery seed pods which, when dried, are used for decorative purposes 3d. pkt.

LUPINS

PERENNIAL VARIETIES.

(Sow Spring to Autumn.)

These beautiful hardy Perennials are excellent both for providing cut bloom for indoor decoration and for a show in the garden. If the blooms are kept cut and the plants prevented from seeding, flowers may be had for a period of four to five months.

402. **Arboreus, Snow Queen** 6d. pkt.

403. **Arboreus, Yellow Prince** 6d. pkt.

404. **Grendon Modern Strain.**—This strain possesses wonderful colours, ranging through all shades of blue, pink, yellow, salmon, apricot, white, biscuit, terra cotta, and amethyst, in self colours and in combinations of the shades mentioned 9d. pkt.

405. **Downer's Hybrids, Mixed.**—The colours comprise lovely self tints, as well as rich, full shades 6d. pkt.

406. **Elliott's Sweet-scented, Mixed.**—A beautiful strain, embracing a wide range of colours 6d. pkt.

LUPINS ANNUAL VARIETIES. (Sow Spring to Autumn.)

407. **Blue Pearl**.—Deep shade of blue 2/- oz.; 3d. pkt.
 408. **Celestial Blue**.—Flowers sky blue 6d. pkt.
 409. **Hartwegii Giants, Mixed**.—See Novelty and Specialty pages.
 410. **Luteus Romulus**.—Rich canary yellow, sweetly perfumed. 6d. pkt.
 411. **Pink Pearl**.—A popular colour 2/- oz.; 3d. pkt.
 412. **Finest Mixed**.—A choice mixture 3d. pkt.

LYCHNIS. H.P. (Sow Spring to Autumn.)

413. **Chalcedonica**.—Dense heads of scarlet flowers; 3 feet . . 3d. pkt.
 414. **Salmon Queen**.—Salmon pink flowers; 1½ feet 6d. pkt.

MALOPE. H.A. (Sow Spring to Autumn.)

415. **Mixed**.—Showy border Annuals 3d. pkt.

MANDEVILLA. H.P.Cl. (Sow Spring to Autumn.)

416. **Suaveolens**.—White trumpet-shaped flowers 6d. pkt.

MARIGOLD

H.H.A. (Sow Spring and Summer.)

AFRICAN VARIETIES.

417. **African All-double Orange**.—See Novelty and Specialty pages.
 418. **African All-double Lemon**.—See Novelty and Specialty pages.
 419. **All Double, Mixed**.—See Novelty and Specialty pages.
 420. **Guinea Gold**.—See Novelty and Specialty pages.
 421. **Lemon Prize Strain**.—Colour, lemon 6d. pkt.
 422. **Orange Prize Strain**.—Colour, orange 6d. pkt.
 423. **Primrose Queen**.—Creamy primrose with a touch of gold, large quilled flowers 6d. pkt.
 424. **Lemon and Orange Prize Strains, Mixed**.—A selected strain. 6d. pkt.
 425. **Fine Mixed** 1/- ½ oz.; 3d. pkt.

MARIGOLD, FRENCH SORTS.

426. **Dwarf Double Pigmy, Mixed**.—Very useful for borders. 6d. pkt.
 427. **Dwarf French Double grandiflora Strain, Mixed**.—See Novelty and Specialty pages.
 428. **French Dwarf Single Fire Cross**.—See Novelty and Specialty pages.
 429. **Giant Tree**.—Brown and yellow flowers. Very valuable for cut flowers late in the autumn 6d. pkt.
 430. **Legion of Honour**.—Rich golden-yellow flowers, purple blotch; dwarf 3d. pkt.
 431. **Scotch Prize**.—Large, gold-striped flowers 6d. pkt.
 432. **Fine Mixed**.—2 feet 1/- ½ oz.; 3d. pkt.

MATTHIOLA (Night-scented Stock). H.A. (Sow Spring to Autumn.)

433. **Bicornis**.—Lilac flowers 3d. pkt.

MECONOPSIS. H.P. (Sow Spring to Autumn.)

434. **Baileyi**.—Beautiful blue Tibetan Poppy. It is a graceful plant, with downy pale green leaves, the brilliant Cambridge-blue pendant flowers (4 inches across) being carried on stems 2 feet high. Thrives best in a shady position 1/- pkt.

MIGNONETTE. H.A. (Sow Spring to Autumn.)

435. **Golden Machet**.—1½ feet 6d. pkt.
 436. **Goliath**.—Colour, bright red; 1½ feet 6d. pkt.
 437. **Incomparable**.—Dark red flowers 9d. pkt.
 438. **Machet, Improved Selected Strain**.—Sweet-scented red flowers . . 1/6 ½ oz.; 6d. pkt.
 439. **Red Giant**.—Large flowers; 1½ feet 6d. pkt.
 440. **White Pearl**.—Very floriferous 6d. pkt.
 441. **Large Flowering Sweet-scented** 1/- ½ oz.; 3d. pkt.

MIMOSA. H.H.P. (Sow in Spring and early Summer.)

442. **Pudica (Sensitive Plant)**.—Pink flowers, leaves close if touched or shaken 3d. pkt.

MIMULUS (Monkey Musk). H.P. (Sow Spring to Autumn.)

443. **Clapham's Superb Strain, Mixed**.—A very choice selected strain 6d. pkt.
 444. **Moschatus (Musk)**.—Sweet-scented old English Musk, bright yellow flowers 6d. pkt.

MINA. H.A.Cl. (Sow late Spring and early Summer.)

445. **Lobata**.—A climber of distinct merit, growing 15 to 20 feet. Orange red in bud, opening creamy white 6d. pkt.

MYOSOTIS (Forget-me-not). H.P. (Sow Spring to Autumn.)

446. **Arvensis**.—Blue flowers; 1 foot 3d. pkt.
 447. **Oblongata perfecta**.—Deep sky blue flowers borne on long stems. If sown early after Christmas, this variety will flower in the winter. 6d. pkt.
 448. **Ruth Fischer**.—Pure forget-me-not large blue flowers . . . 1/- pkt.

450. **Nasturtium**.—New Double Semi-dwarf Sweet-scented Golden Glean

NASTURTIUM

DWARF OR TOM THUMB VARIETIES.

H.H.A. (Sow Spring and Summer.)

449. **Bronze Queen**.—Unusual shade 3d. pkt.

NEW DOUBLE SEMI-DWARF SWEET-SCENTED "GOLDEN GLEAN."

450. These plants develop a tendency to run or climb on most soils, but if pegged down they throw flowers profusely at every joint. If the centre is pinched out, they form fine globular plants, full of bloom, and such blooms three inches in diameter on footstalks 7 to 9 inches long.

A bouquet of these attractive yellow flowers, distinctly double in form, will fill a room with pleasing fragrance, besides being a delight to the eye. Also, the stems are rather stiff, and long enough to be bunched, something new for Nasturtiums.

In fact, we believe the new race is as distinct an advance over the old type of Nasturtiums as the Dahlia-flowered Zinnia is over the original type, or Spencer Sweet Peas over the original types.

Price: 6d. pkt.; larger pkt., 1/-.

See Novelty and Specialty pages for the two outstanding introductions for 1934.

NASTURTIUM, New Double Sweet-scented Semi-dwarf—SCARLET GLEAN.

AND

NASTURTIUM, New Double Sweet-scented Semi-dwarf Mixed Hybrids.

Order early for October, 1934, delivery. Each 2/6 packet.

451. **Golden Queen**.—Golden foliage, bright yellow flowers . . 3d. pkt.
 452. **Empress of India**.—Crimson scarlet 3d. pkt.
 453. **Lilliput Dwarf Mixed**.—The flowers and leaves are small, but the colours are extremely brilliant and range from yellow and deep red to almost black; very free blooming 6d. pkt.
 454. **Tom Thumb, Variegated-leaved Mixed**.—The flowers are similar to the ordinary kinds, but the foliage is prettily variegated white and green 6d. pkt.
 455. **Vesuvius**.—Apricot. Dark leaves 3d. pkt.
 456. **Mixed**.—Excellent for bedding 1/- oz.; 3d. pkt.

Climbing Varieties. H.H.A. (Sow Spring to Mid-summer.)

457. **Tall Mixed** 1/- oz.; 3d. pkt.
 458. **Tall Variegated-leaved Mixed**.—The flowers are similar to the ordinary varieties; foliage is variegated green and white. 6d. pkt.

NEMESIA. H.A. (Sow Spring to Autumn.)

These showy annual plants are especially useful for bedding purposes and for bordering. If the seed is sown early in the autumn the plants will flower throughout the winter and spring months, or seed may be sown in the spring for a summer and autumn display. For the best results, sow where the plants are to remain or transplant when the seedlings are small. They almost compare with *Phlox Drummondii* for variety of colours.

- Strumosa Suttoni grandiflora.**—459. Blue, 9d. pkt.; 460. Orange, 9d. pkt.; 461. Rose, 9d. pkt.; 462. Scarlet, 9d. pkt.; 463. Mixed, 6d. pkt.
464. **Triumph Mixed.**—Dwarf habit 9d. pkt.
465. **Blue Gem.**—Pretty small blue flowers 9d. pkt.

NEMOPHILA. H.A. (Sow Autumn and Spring.)

466. **Insignis.**—Deep sky-blue flowers 3d. pkt.
467. **Mixed.**—Useful for borders 2/- oz.; 3d. pkt.

NEPETA (Cat Mint). H.P. (Sow Spring to Autumn.)

468. **Mussini.**—Useful for rock gardens and edgings; pale mauve flowers. 6d. pkt.

NICOTIANA (Tobacco Plant). H.P. (Sow Spring to Autumn.)

469. **Crimson Bedder.**—See Novelty and Specialty pages.
470. **Hybrids, Mixed.**—A fine strain including a wide range of colours. 6d. pkt.

NIGELLA (Love-in-a-Mist). H.A. (Sow Spring to Autumn.)

471. **Miss Jekyll.**—Bright cornflower blue 6d. pkt.
472. **Miss Jekyll, White** 6d. pkt.
473. **Fine Mixed** 3d. pkt.

ŒNOTHERA (Evening Primrose). H.A. (Sow Spring and Autumn.)

474. **Afterglow.**—An improved variety. The bright red calyx intensifies the yellow of the flower 6d. pkt.

PANSY

OUR GREAT SPECIALTY.

H.A. (Sow from January to September.)

We make Pansies one of our specialties, and spare neither expense nor trouble in procuring direct from the growers the finest strains obtainable.

ROGGLI'S GIANTS IMPROVED—EXHIBITION STRAIN.

Awarded Prizes Wherever Shown.

475. The flowers of this improved strain are of enormous size, measuring from 3 to 3½ inches in diameter. They are perfectly round, with overlapping petals borne on long stalks well above the remarkably luxuriant foliage. It is not only the size of the flowers that makes these Pansies so attractive, but the glorious shades of colour, and their exceptional brilliancy, many of them possessing a velvety sheen, which greatly enhances their beauty. Practically all flowers are 3 to 5 blotched 2/6 pkt.; larger pkt., 5/-

NOTE.—Do not confuse our Improved Exhibition Strain with the Roggli's Giant Mixture, usually sold by seed vendors at a cheaper rate. The seed offered by us was carefully saved from flowers selected for their outstanding size, excellent formation, and brilliancy in colour.

ROGGLI'S GIANTS—EXHIBITION STRAIN.

Separate Colours.

Set of 4 Packets for 7/-.

476. **Alpenglow.**—Rich ruby-red flowers 2/- pkt.
477. **Rhinegold.**—Canary yellow, with dark blotches 2/- pkt.
478. **Berna.**—Violet-blue flowers, with dark centre 2/- pkt.
479. **Ullswater.**—Dark blue, large black blotches 2/- pkt.
480. **Bath's Empress, Special Strain, Mixed.**—Large flowers of strong texture and of striking and rich colours. Splendid for exhibition 2/6 and 5/- pkt.
481. **English and Scotch, Mixed.**—A very choice strain for ordinary purposes 1/6 pkt.
482. **Incomparable Mixed.**—This is a well-blended mixture of the best strains of large-flowered Exhibition Pansies, such as Roggli's Giants, Bath's Empress, and other English and Continental strains, which cannot fail to give satisfaction 2/6 and 5/- pkt.
483. **Masterpiece Mixture.**—A superb class of blotched Pansies with large undulated or curled blooms in a splendid range of colours, the dark shades predominating 1/- pkt.
484. **Non Plus Ultra.**—A very rich and varied mixture of good quality Pansies which we can thoroughly recommend for making a brilliant garden display 1/- pkt.
485. **Fine Mixed.**—Fine strain of bedding Pansies 6d. pkt.

475. Pansy—Roggli's Giants Improved, Exhibition Strain

WINTER-FLOWERING PANSIES.

If seed of this strain is sown from December to February (the earlier the better), the plants will produce their large flowers in great profusion in the winter and will continue to bloom throughout the spring and summer. When the value of this class of Pansy for winter display is fully realised, they are destined to become very popular. They are exceedingly free flowering, which adds to their usefulness for bedding or bordering purposes. A bed of the beautiful azure blue coloured variety, "Celestial Queen," bordered with "Winter Sun" (yellow) is most effective. When planting for a winter display, select a warm, open position, if possible.

Collection of 8 Named Varieties for 3/6.

486. **Arctic King.**—Snow-white flowers 6d. pkt.
487. **Celestial Queen.**—The most popular of the winter-flowering varieties. Like all the varieties belonging to this class, it is very free flowering. Colour a delightful shade of azure blue. 6d. pkt.
488. **Helios.**—Colour pure yellow 6d. pkt.
489. **Ice King.**—Pure white, dark centre 6d. pkt.
490. **Marchioness.**—Dark velvety purple 6d. pkt.
491. **Mars.**—Dark cornflower blue 6d. pkt.
492. **Night.**—Jet-black flowers 6d. pkt.
493. **Paringa.**—Rich purplish violet, shading from pale blue to white. 6d. pkt.
494. **Winter Sun.**—Golden yellow, dark blotch 6d. pkt.
495. **Winter Flowering Mixed.**— 2/6 ½ oz.; 6d. pkt.

TRIMARDEAU PANSIES.

Trimardeau Pansies are particularly valuable for bedding and bordering, one special feature being the large size of flowers.

The Collection of 7 Named Varieties for 3/-.

496. **Azure Blue.**—Pale blue flowers 6d. pkt.
497. **Fire King.**—Crimson and gold 6d. pkt.
498. **Freya.**—Silver-edged variety 6d. pkt.
499. **King of Blacks.**—Black 6d. pkt.
500. **Snowflake.**—Pure white 6d. pkt.
501. **White King.**—White, purple eye 6d. pkt.
502. **Yellow Queen.**—Yellow, black eye 6d. pkt.
503. **Trimardeau Giant Mixed.**—All colours 6d. pkt.

VARIOUS NAMED PANSIES.

504. **Fairy Queen.**—Flowers azure blue with white edge 6d. pkt.
505. **Lord Beaconsfield.**—Deep purple violet shaded to very pale blue on the lower part of the flower 6d. pkt.
506. **Madame Perret.**—Attractive blend of wine-coloured tones, with lighter shaded edges 6d. pkt.
507. **Purple.**—Good for bedding 6d. pkt.

FOR SHOW PURPOSES GROW ROGGLI'S GIANT EXHIBITION STRAIN OF PANSIES

519. Petunia—Grendon Ruffled Giants (Exhibition Strain)

PASSIFLORA. H.P.Cl. (Sow late Spring and early Summer.)

508. **Edulis** (Passion Fruit).—The edible variety, white flowers. 1/- ½ oz.; 6d. pkt.
509. **Perfecta Giant Mammoth**.—Improved giant-fruited type. 1/- pkt.

PEA (Everlasting). A.S. Perennial Climber.

510. **Pink Beauty**.—Rose pink flowers 6d. pkt.
511. **Pubescens**.—Blue flowers 6d. pkt.
512. **Red**.—Popular colour 3d. pkt.
513. **White**.—Large flowers 6d. pkt.
514. **Mixed Colours** 3d. pkt.

PELARGONIUM. H.P. (Sow Spring to Autumn.)

515. **Zonale, Finest Mixed**.—Seed saved from selected named varieties. 6d. pkt.

PENTSTEMON. H.P. (Sow Spring to Autumn.)

516. **Grandiflora, Mixed** (Giant Flowering).—The flowers are of particularly large size, almost as large as a Gloxinia. 9d. pkt.
517. **Heterophyllus** (Blue Gem).—See Novelty and Specialty pages.

PERILLA. H.H.A. (Sow in Spring and early Summer.)

518. **Nankinensis**.—Rich bronze foliage 6d. pkt.

PETUNIAS

ONE OF OUR SPECIALTIES.

H.A. (Sow Spring and Summer.)

519. **Grendon Ruffled Giants** (Exhibition Strain).—A very large-flowered strain of Single superbissima class of Petunias with wide overlapping, beautifully ruffled petals. The throats of the flowers are wide and tигed, and the range of colours is exceedingly large. In 2/6 and 5/- pkt.
520. **Grendon Frilled Pink**.—Beautifully frilled flowers of a lovely bright pink shade. 1/- pkt.
521. **The Giants of California** (Our Special Strain).—These bear flowers of up to 5 inches in diameter. The flowers are beautifully ruffled and frilled. 1/6 and 2/6 pkt.
522. **Single-fringed Fimbriata, Mixed**.—Flowers ruffled and fringed. 1/6 pkt.
523. **Giant Double-seeding, Mixed** 2/6 pkt.
524. **Grendon Dwarf Fringed** (Lacy Frills).—See Novelty and Specialty pages.
525. **Rosy Morn**.—Rosy pink, white throat 6d. pkt.
526. **Rose of Heaven**.—Brilliant rose 9d. pkt.
527. **Silvery Lilac**.—Beautiful colour 9d. pkt.
528. **Violaacea** (Royal Purple).—Deep violet shade 6d. pkt.
529. **Dwarf Mixed**.—Various colours 6d. pkt.
530. **Nana compacta, Mixed**.—See Novelty and Specialty pages.
531. **Pink Gem**.—See Novelty and Specialty pages.
532. **Single**.—Fine mixed 2/6 ½ oz.; 6d. pkt.
533. **Balcony** (Pendula) Mixed. —Useful for window boxes, etc. 9d. pkt.

PHACELIA. H.A. (Sow Spring to Autumn.)

534. **Campanularia**.—Flowers rich deep blue, very pretty free-flowering plants 6d. pkt.

PHASEOLUS (Snail Creeper). H.P. (Sow Spring and Summer.)

535. **Caracalla**.—Sweet-scented white and purple flowers 6d. pkt.

PHYSALIS. H.H.P. (Sow in Spring and early Summer.)

536. **Bunyardi** (Red Winter Cherry).—Bright scarlet capsules. Splendid for winter decoration; height 2½ feet 6d. pkt.

PHLOX

DRUMMONDI.

OUR SPECIAL STRAINS.

H.A. (Sow Spring to late Summer.)

This is one of the prettiest of Annuals. They continue in bloom till late in autumn, and for summer bedding are unequalled, their brilliant and varied colours keeping the garden gay throughout the summer. The best results will be obtained by sowing the seeds where the plants are to remain.

GRENDON GRANDIFLORA SPECIAL STRAIN, MIXED.

537. Unrivalled strain for richness and brilliancy of colours, size of blooms, and bushy, floriferous plants. Our strain is of very superior quality, unsurpassed by any in commerce 1/- pkt.
538. **Grandiflora, Mixed** 2/- ½ oz.; 3/6 ½ oz.; 6/- oz.; 6d. pkt.
539. **Drummond, Mixed** 3d. pkt.
540. **Cuspidata**.—Star-shaped flowers, mixed 6d. pkt.
541. **Dwarf Cecily, Mixed**.—Excellent for bedding and bordering. Includes a wide range of shades 6d. pkt.

SEPARATE COLOURS (GRANDIFLORA TYPE).

Collection of 6 Varieties, 2/6.

542. **Alba**.—Pure white flowers 6d. pkt.
543. **Brilliant**.—Rose with darker eye 6d. pkt.
544. **Chamois**.—Rose with carmine eye 6d. pkt.
545. **Dark Purple**.—Popular shade 6d. pkt.
546. **Hellos**.—White with purple eye 6d. pkt.
547. **Lilac**.—With white centre 6d. pkt.
548. **Mars**.—Bright crimson with white eye 6d. pkt.
549. **Scarlet**.—Bright scarlet blooms 6d. pkt.
550. **Splendens**.—Red, white eye 6d. pkt.
551. **Yellow**.—Sulphur yellow 6d. pkt.

PHLOX DECUSSATA. H.P. (Sow Spring to Autumn.)

552. **Finest Mixed**.—Perennial Phlox 6d. pkt.

PINK (*Dianthus plumaris*). H.P. (Sow Spring to Autumn.)

553. **Single Giant Hybrids**.—Suitable for beds or borders; height 1 foot. 6d. pkt.

POLYANTHUS. H.P. (Sow Spring to Autumn.)

554. **Blue Flowered** 1/6 pkt.
555. **Giant Yellow** 6d. pkt.
556. **Choice Mixed** 6d. pkt.

POLYANTHUS PRIMROSE. H.P. (Sow Spring to Autumn.)

557. **Watt's Large-flowered Bedding Hybrids, Mixed** (Bunch-flowered Primrose).—Extra choice strain 1/- pkt.

PRIMROSE. H.P. (Sow Spring to Autumn.)

558. **Blue Shades** 1/6 pkt.
559. **Dean's Hybrids, Mixed**.—Highly recommended 9d. pkt.
560. **Yellow**.—English yellow Primrose 6d. pkt.

PORTULACA. H.H.A. (Sow late Spring and early Summer.)

561. **Single Mixed**.—Useful for rockeries and borders. 1/- ½ oz.; 3d. pkt.
562. **Double Choice Mixed** 6d. pkt.

**Write for Catalogue No. 101 if you are
interested in Shrubs, Trees, Roses, Her-
baceous Plants, etc. Post Free.**

POPPY—ICELAND

Hardy Annuals. (Sow January to September.)

MONSTROSA EXHIBITION STRAIN.

563. This new introduction surpasses all other strains for length of stems and size of flowers, the latter being very large and the stems, besides being of great length up to 3 feet, are proportionately stout. In addition to the older shades, this mixture contains many glorious colour combinations difficult to describe; also self colours in orange, yellow, white, pink, etc. **WHEN IN BLOOM AT OUR "GRENDON" NURSERIES AT BRIGHTON THEY WERE THE CENTRE OF ATTRACTION.**

1/6 and 2/6 pkt.

GRENDON ART SHADES (RE-SELECTED).

564. With the exception of a possible odd plant or two, this strain does not contain the original colours such as yellow, orange, and white. Plants from the seed offered will produce colours such as cream, sulphur, soft pink, coral pink, rosy, and other shades of pink besides beautiful combinations of delicate shades of colour. Highly recommended

4/6 1/2 oz.; 8/- 1/2 oz.; 1/- and 2/- pkt.

GARTREF MIXED (Regd.)

565. The Gartref strain of Iceland Poppies has been re-selected from the range of art shades, and, as a distinctive feature, most of the blooms have dark edges to the petals, both in dainty tonings and in sharp contrast to the base colourings. 1/- and 2/6 pkt.

566. **Gartref (Regd.), Dark Edged Pink Shades.**—Edgings are very distinct, and a large percentage true to colour. 1/6 and 2/6 pkt.

567. **Gartref (Regd.), Lustre.**—A distinct new range, showing Gartref character. The inner surface of each petal is distinctly deeper in tone than the outer. A shading towards the centre adds to the effect of rich colouring, and zonal rings are evident in some blooms. Colours include soft, rich shades of parchment, cream, biscuit, yellow, pink, salmon, and apricot. The plants bloom even more freely than the Gartref Dark Edged, giving large blooms on erect, long stems

1/6 and 2/6 pkt.

568. **Gartford (Regd.), Cream.**—A re-selection quite distinct from the Gartref—a *Bersea Gigantum* x *Sandford Cross*. The colour is a rich cream suffused with lime green. Size and stamina are outstanding, and the type distinct from either parent. 1/6 and 2/6 pkt.

COONARA PINKS (RE-SELECTED).

569. This re-selected strain of Coonara Pinks is exceedingly fine. It contains a wonderful range of those delicate shades that appeal so much to the æsthetic taste. The self colours range through all shades of pink, while others contain colour combinations difficult to describe

6d., 1/-, and 2/- pkt.

570. **Coonara Orange and Gold Shades.**—The size of the flowers is only surpassed by our *Monstroza Iceland Poppies*. The flowers, which range in colours from orange to gold, are produced on exceedingly long strong stems. Many prefer these shades of colour, as they show more to advantage in artificial light. 6d. and 1/- pkt.

571. **Grendon Rainbow Mixture.**—The fact that this strain contains such a complete range of colours accounts for its great popularity. This is a special blend which comprises the popular art shades, Coonara Pinks, and our improved orange and gold shades. 9d. pkt.

572. **Sunbeam Hybrids.**—A re-selected strain, representing a great improvement on the ordinary Iceland Poppies. 3/- 1/2 oz.; 6d. pkt.

573. **Tangerine (Orange); 574. White; 575. Yellow.** 6d. pkt. each.

576. **Mixed.**—Including white, orange, yellow, and other shades. 2/- 1/2 oz.; 3d. pkt.

POPPY. H.A. (Sow Spring to Autumn.)

577. **American Legion.**—A single Poppy; flowers rich orange scarlet; enormous size

6d. pkt.

578. **Double Begonia Flowered.**—See Novelty and Specialty pages.

579. **Double Shirley, Delicata** 6d. pkt.

580. **Flanders.**—Single red Poppy 3d. pkt.

581. **Ranunculus-flowered Double Pompador.**—Improved strain; immense range of colours, with plicated flowers

6d. pkt.

582. **Shirley Poppy, Rev. Wilks' Strain, Mixed.** 1/- 1/2 oz.; 3d. pkt

POPPY, PERENNIAL VARIETIES.

583. **Oriental Poppy, Crimson** 6d. pkt.

584. **Oriental Poppy, Hybrids, Mixed.**—Containing many beautiful shades

6d. pkt.

PRIMULA (Chinese Primrose). A. and P. (Sow Summer and Autumn.)

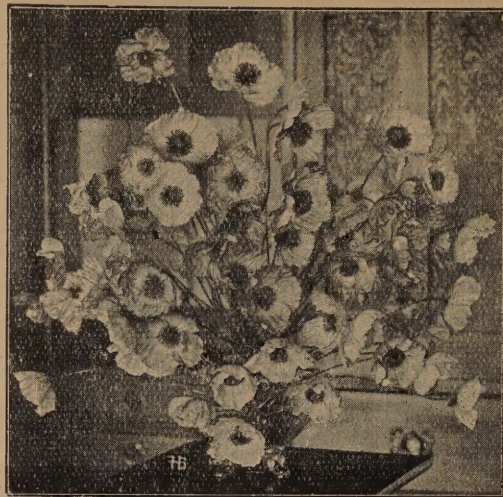

585. **Sinensis gigantea fimbriata, Mixed.**—An extra fine strain, containing a wide and varied assortment of colours. Annual. 2/- pkt.

586. **Stellata (Star Primulas).**—Mixed colours. Star-shaped flowers. Annual

1/6 pkt.

587. **Obconica grandiflora.**—A splendid strain, producing large flowers. Perennial

1/6 pkt.

564. Poppy (Iceland)—Grendon Art Shades (re-selected)

PRIMULA MALACOIDES. H.A. (Sow Summer and Autumn.)

The *Malacoides* are excellent for window boxes, for the greenhouse, and for growing out of doors for winter bordering.

588. **Gigantea.**—The extra large lavender-pink flowers are produced on long stems

1/- pkt.

589. **Lavender.**—The flowers are pale lavender, and borne in numbers on long stems, which render it most useful for cutting.

3d. and 6d. pkt..

590. **Princess Mary.**—A great improvement on the original variety.

6d. pkt..

PUERARIA (Kudzu Vine). H.P.Cl. (Sow Spring to Autumn.)

591. **Thunbergiana.**—Purplish-violet *Wistaria*-like flower

6d. pkt..

PYRETHRUM. H.P. (Sow Spring to Autumn.)

592. **Excelsior (Exhibition Border).**—Foliage deep golden yellow, dwarf compact habit; a greatly improved strain; height 6 inches

9d. pkt.

593. **Golden Feather (Exhibition Border).**—Bright golden foliage; 1/2 feet

3d. pkt.

594. **Golden Moss (Exhibition Border).**—Bright golden yellow, curled and twisted foliage

9d. pkt.

595. **Hybridum grandiflorum, Mixed.**—Large-flowered strain; 3 feet.

6d. pkt.

RANUNCULUS. H.P. (Sow December to Spring.)

596. **Our Double Exhibition Strain.**—This superior strain of *Ranunculus* is of robust habit and very free flowering. The flowers are double, of immense size, and combine every possible shade of colour. The plants are vigorous and produce flowers on long, erect stems, providing excellent material for cutting, and are unsurpassed for table decoration

Seed, 1/- pkt.

597. **Asiaticus superbissimus, Mixed.**—A very choice selected strain.

2/- 1/2 oz.; 6d. pkt.

For Bulbs, see Bulb Section.

RHODANTHE (Everlasting Flower). H.A. (Sow in Spring.)

598. **Fine Mixed.**—Last a long time when cut and dried

3d. pkt..

RICINUS. H.A. (Sow in Spring.)

599. **Crimson Beauty.**—See Novelty and Specialty pages.

SALVIA. H.P. (Sow Spring to early Summer.)

600. **Bonfire.**—Scarlet flowers

3/6 1/2 oz.; 6d. pkt..

601. **Farinacea, Blue Bedder.**—See Novelty and Specialty pages.

602. **Farinacea.**—Lavender-blue flowers

6d. pkt.

603. **Harbinger (New Variety).**—The plants are dwarf and compact and bear spikes of dazzling bright scarlet flowers, which are beautifully set off by the strong dark green of the foliage

1/- pkt.

604. **Patens.**—Gentian-blue flowers

1/- pkt.

SALPIGLOSSIS. H.A. (Sow Spring and Summer.)

605. **Emperor, Mixed.**—Large flowers 6d. pkt.
606. **Grandiflora, Choice Mixed** 3d. pkt.

SCABIOUS, SWEET

H.A. (Sow Spring to Autumn.)

(Sweet Scabious or Pin Cushion Flower.)

Collection of 6 Varieties of Annual Scabious, 2/6.

607. **Azure Fairy.**—Pale mauve shade 6d. pkt.
608. **Cattleya.**—See Novelty and Specialty pages.
609. **Egmont.**—Pure white flowers 6d. pkt.
610. **Gozo.**—Bright crimson flowers 6d. pkt.
611. **Lesbos.**—Purplish-black blooms 6d. pkt.
612. **Loveliness.**—See Novelty and Specialty pages.
613. **Marella.**—Bright rose 6d. pkt.
614. **Melita.**—Soft delicate pink flowers 6d. pkt.
615. **Oroya.**—Rich shade of sulphur yellow 6d. pkt.
616. **Peach Blossom.**—A delightful shade 6d. pkt.
617. **Shasta.**—Pure white flowers 6d. pkt.
618. **Tall, Special Mixed** 1/- 1/2 oz.; 3d. pkt.

SCABIOSA, Perennial Varieties. H.P. (Sow Spring to Autumn.)

619. **Columbaria.**—Delicate mauve flowers, unsurpassed for cutting. 1/- pkt.
620. **Caucasica perfecta.**—Rich blue, each flower having a white centre. 9d. pkt.
621. **Japonica.**—Clear mauve flowers 6d. pkt.

SCHIZANTHUS (Butterfly Flower). H.A. (Sow Spring to Autumn.)

622. **Wisetonensis, Mixed.**—Superb strain 1/- pkt.
623. **Hybridus grandiflorus, Mixed** 6d. pkt.
624. **Hybridus grandiflorus Incomparable, Mixed.**—The finest strain yet offered 1/- pkt.

SESBANIA (Brazilian Glory Pea). (Shrub.) H.P. (Sow Spring to Autumn.)

625. **Tripetit.**—Magnificent orange-scarlet flowering shrub .. 1/- pkt.

SILENE. H.A. (Sow Spring to Autumn.)

626. **Mixed.**—Bright coloured flowers 3d. pkt.

SIDALCEA. H.P. (Sow Spring to Autumn.)

627. **Stark's New Hybrids.**—Interesting border plants. Hardy perennial; 3 feet 6d. pkt.
628. **Rose Queen.**—Rose-coloured flowers 6d. pkt.

STATICE (Sea Lavender) (Everlasting). H.A. (Sow Spring to Autumn.)

629. **Kampf's Tall Improved.**—See Novelty and Specialty pages.
630. **Sinuata rosea.**—Bright rose flowers 6d. pkt.
631. **Sinuata True Blue.**—Rich navy blue flowers, fine .. 6d. pkt.
632. **Sinuata Choice Mixed** 6d. pkt.

STOCKS

Many growers desirous of growing good Stocks fail to get satisfactory results owing to sowing or planting them at the wrong season.

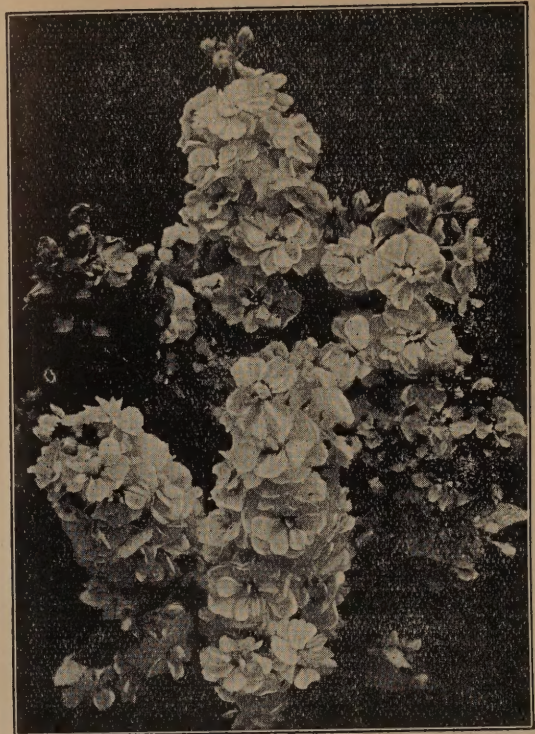

Our most popular type of Stocks is the Early Large-flowering of Nice, which, if a good open position is available, can be flowered throughout the winter months, but for winter flowers the seed must be sown in December or January, and plants placed in their flowering position as soon as they are large enough to safely transplant. Later sowings, of course, will flower in spring onwards, if conditions are suitable.

From a sowing of seed made at our Grendon Nursery, Brighton, about middle of December, Stocks were in bloom in May, and continued to flower throughout the winter and spring months.

Many growers wait to plant their Stocks till they discard in the autumn flowering plants such as Petunias, Zinnias, Asters, etc. By that time, in most districts, it is too late, for, as the weather sets in cold, growth is retarded, and if excessive wet weather is experienced the plants turn a sickly yellow colour from which they never seem to recover. So always remember that if Stocks are to be grown throughout the winter and spring months plant them out early enough to have them well established before the cold wet weather sets in.

Stocks like a well-drained soil. So if your soil is not suitable for their winter growth, we advise raising plants from early spring. Giant Perfection and other Ten-Week varieties are better sown from the early spring till January.

Stocks, especially the young seedlings, in summer get attacked by caterpillars. Spray them with Arsenate of Lead, which is a certain cure for the pest.

645. Stock—Nice Variety, Mixed

EARLY LARGE-FLOWERING OF NICE TYPE. (Sow Summer and Autumn.)

Specially selected strains, producing a very large percentage of double flowers.

Collection of 6 Varieties, 2/6; 12 Varieties, 4/6.

Vegetable Seeds

ATTENTION IS DRAWN TO TERMS OF SALE AND NON-WARRANTY CLAUSE ON INTRODUCTION PAGE.

Market Gardeners, Institutions, etc., requiring seeds in large quantities, should write for special prices. We have made prices as reasonable as possible, commensurate with first-class quality, in this Catalogue, yet where a number of pounds or bushels are wanted, we may be able to supply at a lower price than by the single pound or bushel.

Vegetable Seeds, in packets, with the exception of Peas, Beans, and Sweet Corn, are Post Free. No half packets will be supplied.

The times given for the sowing of Vegetable Seeds refer to Melbourne and surrounding districts, and due allowance must be made for climatic conditions.

(Freight Extra.)

Earliest Varieties.

SOW MARCH TO AUGUST.

- English Wonder** (height, 18 inches).—Delicious flavour, very early and reliable.
Little Gem (height, 15 to 18 inches).—A fine dwarf, curved-podded, early marrow-fat variety.
Little Marvel (height, 15 to 18 inches).—Prolific bearer.
Richard Seddon (height, 15 to 18 inches).—Very dwarf and most prolific bearer.
William Hurst (height, 15 inches).—Large well-filled pods, fine flavour.

Second Early Varieties.

SOW JUNE TO AUGUST.

- Daisy** (height, 18 to 20 inches).—Pods, 5 inches in length, are freely produced.
Day's Early Sunrise (height, 30 inches).—Heavy yielder, can be sown earlier in cold districts.
Stratagem (height, 24 to 30 inches).—Large wrinkled pods, good flavour.

Main Crop Varieties.

SOW SEPTEMBER TO DECEMBER.

- Greenfeast** (height, 24 to 30 inches).—Grown extensively by Market Gardeners. Very prolific bearer.
Yorkshire Hero (height, 27 to 30 inches).—A wonderful cropper with abundant well-filled pods. 6d. pkt. ; 1/- lb.

"GREATPOD" PEA.

We have no hesitation in recommending this **Main Crop Pea**. It is a magnificent cropping quality. The pods are large, very dark green in colour, and mostly produced in pairs—10 to 12 peas in a pod—of excellent flavour. Its constitution is exceedingly robust, and it has fine eating qualities. We are receiving splendid reports in its favour throughout the State. 6d. pkt. ; 2/- lb.

SUGAR OR EDIBLE PODDED PEAS.

- Dwarf, Early** (height, 1 foot).—The pods are cooked whole while young. 6d. pkt. ; 2/6 lb.

ASPARAGUS OR SCARLET-WINGED PEA

(*Lotus tetragonolobus*.)

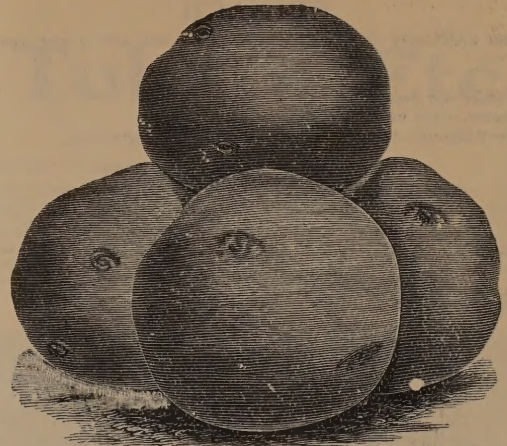

This produces an abundance of crimson pea-shaped flowers producing pods of very fine flavour, which can be cooked like French Beans, and has a very fine flavour like Asparagus. Grows about 1 foot in height. Plant 1½ to 2 feet each way. 6d. and 1/- pkt.

"Flowering Trees and Shrubs"

A Handbook for Amateurs. By Harold Sargeant.

("Anthos," The Herald writer on Horticulture.)

100 illustrations—8 in colours. Price 2/6.

Bulbs, Corms, Tubers, Etc.

ANEMONE

Plant February to May—Spring Flowering.

OUR SPECIAL STRAIN—MIXED COLOURS, ST. BRIGID TYPE.

Owing to their brilliancy of colour, Anemones are unsurpassed amongst the Spring-flowering Bulbs for bedding and general garden decoration. The colours range from brightest scarlet to flesh pink, and from lilac to deep purple, some of the flowers being mottled, striped, and ringed by various shades. For cut blooms, as well as for garden decoration, St. Brigid Anemones can be recommended. **Bulbs, 1/- doz. ; 7/- 100** (post free).

RANUNCULUS

Plant February to May—Spring Flowering.

OUR EXHIBITION STRAIN—MIXED COLOURS.

We highly recommend our **Exhibition Strain of Ranunculus**. The flowers are double, of immense size, and contain every shade of colour to be found in this class of plants. This strain produces flowers of perfect form, borne on stout but graceful stems, at least twice as large as the original types. Plant bulbs with claws downwards. **Bulbs, 1/- doz. ; 7/- 100** (post free).

CROCUS

Plant January to April—August and September Flowering.
(Carriage Extra.)

One of the prettiest of our early-flowering bulbs, and will thrive in most garden soils ; should be planted in clumps or rows for effect, about 2 inches deep and 1 to 2 inches apart.

Mixed Colours.—3/6 doz.

Named Varieties or Separate Colours.—White, yellow, blue, and purple. **3/6 doz.**

N.B.—All orders for Crocus should be sent in as early as possible.

- Refracta alba.**—White, sweet-perfumed flowers. 6d. doz.; 3/6 100

GLADIOLI

We are Melbourne Distributors of Errey Bros.' World-renowned Bulbs.

Although we have our own extensive Nurseries at Brighton, we do not grow our own supplies of Gladioli, as we consider those grown in the volcanic soil of Camperdown unsurpassed by any in the world. There is really no comparison between Errey Bros.' plump, full-of-life bulbs and the shrivelled, out-of-season imported bulbs sometimes offered for sale. When one realises the large number of Gladioli Nurseriesmen there are in the world, the fact that such a large proportion of Errey Bros.' output is sold outside Australia is glowing testimony to the outstanding quality of their bulbs.

FOR GENERAL LIST OF GLADIOLI, Write for Catalogue No. 101
(Post free.)

MINIATURE GLADIOLI

Plant February to April—Spring Flowering. (Freight Extra.)

Miniature type of Gladioli, excellent for table decoration.

- Colvilli albus (The Bride).**—Flowers creamy white .. 1/6 doz.

IRIS KÄMPFERI (Giant Japanese Iris).

Plant from May to July—November and December Flowering.

These gorgeous Irises can be grown successfully in the garden or around edges of ponds. For best results they should have a plentiful supply of water during dry weather.

The colours range from white through shades of blue, violet, and purple and many other colours, some being beautifully veined, others spotted or blotched. Price, 1/3 each; 12/- doz.

GENERAL LIST OF IRISES.

Delavayi. —Dark purple blue flowers	1/-
Douglasiana. —Colour, lavender purple	1/-
Fulva. —Flowers reddish copper colour	1/-
Japonica (Fimbriata). —Pale lilac; edges of petals waved	1/-

LACHENALIA

Plant January to March—September and October Flowering. (Freight Extra.)

- Aurea.**—Pure golden yellow, wax-like flowers on stems about 12 inches long .. 3d. each; 2/6 doz.
Pearsoni.—Wonderful yellow with maroon edging, very tall, spotted stems 1/- each; 10/- doz.
Quadrilcolour.—Combination red, yellow, and green, with purple edge; hardy, free-flowering .. 3d. each; 2/6 doz.

Lily of the Valley

LILY OF THE VALLEY CONVALLARIA MAJALIS.

Plant May to August—October and November Flowering. (Freight Extra.)

Requires a shaded position in a good, light loam enriched with well-rotted cow or stable manure. The crowns should be planted half an inch beneath the surface and left undisturbed for years.

- Fortin's Variety.**—Giant-flowering white .. 9d. each
Majalis.—Pink variety .. 9d. each
Majalis.—White, the most popular variety. 3d. each; 2/6 doz.; 17/6 100

CONVALLARIA POLYGONATUM (Solomon's Seal).

Flowers small, bell-shaped, are white, tipped with green, and hang down from underneath the leaves. 1/- each; 10/- doz.

MONTBRETIAS

Plant April to July—February and March Flowering. (Freight Extra.)

Unsurpassed for cut flowers and table decoration; flowers freely produced on stems of about 18 inches high. They resemble a miniature Gladiolus.

- Crocsmæflora.**—Orange red, splendid for cutting. 3d. each; 2/6 doz.
His Majesty.—Red, golden yellow; the largest variety to date. 9d. each; 7/6 doz.
James Coey.—Red with orange centre .. 6d. each; 5/- doz.
Kathleen.—Yellow, outer petals are tinted orange. 6d. each; 5/- doz.
Marjorie.—Light yellow with carmine spot in centre, three outer petals are carmine .. 9d. each; 7/6 doz.
Pocahontas.—Rich coppery scarlet with golden lustre, centre orange with small blood crimson blotches .. 9d. each; 7/6 doz.
Prometheus.—Deep orange crimson eye .. 9d. each; 7/6 doz.
Queen Alexandra.—Yellow with small cerise blotch on lower petal. 9d. each; 7/6 doz.
Queen of Spain.—Deep golden orange, reverse of petals golden apricot with small crimson and purple calyx .. 9d. each; 7/6 doz.
Speciosa.—Colour, bright orange red; flowers on long stems; one of the best; splendid for cutting. Flowers have been known to last in water for over a fortnight .. 3d. each; 2/6 doz.
Mixed Sorts.—A splendid mixture .. 4d. each; 3/- doz.

SANDERSONIA

Commonly called Golden Lily of the Valley.

Plant March to September—November and December Flowering. (Freight Extra.)

Aurantiac.—A South African bulb, considered to be one of the rarest and daintiest plants in cultivation. The Sandersonia grows best in a semi-shaded position, in sandy loam, leaf mould, or any nice light soil, and attains a height of 8 to 18 inches. Its bright, orange-golden, bell-shaped flowers, which are 1 inch across, hang down similar to the ordinary Lily of the Valley. Tubers should be planted with prongs down, and covered with 1 inch of soil .. 3/- each; 4 for 10/-

SPARAXIS PULCHERRIMA (Fairy Bells)

Plant May to July—October and November Flowering. (Freight Extra.)

Probably one of the oldest evergreen plants in cultivation, though rarely seen in ordinary gardens. As a garden subject or for cut flower purposes, Fairy Bells are excellent.

- Alba.**—Pure white; rare variety .. 1/6 each
Apple Blossom.—Light rosy pink; fine .. 2/- each
Atropurpurea.—Deep purple shade; fine .. 2/- each
Montague's Mauve.—Beautiful mauve shade .. 2/- each
Montague's Pink.—Wine rose, light centre, striped .. 2/- each
Moonlight.—A new hybrid variety, pale rosy white .. 2/- each
Pulcherrima.—Beautiful rosy purple .. 9d. each

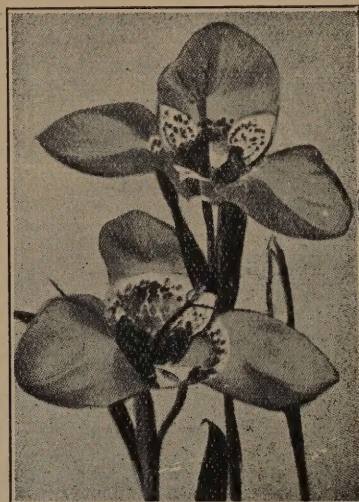

TIGRIDIAS (Tiger Flowers)

Plant May to August—January, February, and March Flowering. (Freight Extra.)

Few flowers are more gorgeously coloured; very peculiar and interesting; quite hardy, and can be grown in any ordinary garden soil, but a sunny aspect is essential.

- Canariensis.**—Yellow, red centre .. 9d. each; 8/- doz.
Grandiflora alba (The White Tiger Flower).—Fine white, spotted wine red; a favourite variety .. 9d. each; 8/- doz.
Lutea immaculata.—Pure yellow .. 9d. each; 8/- doz.
Pavonia.—Rich scarlet, spotted yellow .. 6d. each; 5/- doz.
Rosea.—White, flushed pink .. 9d. each; 8/- doz.
Red Giant.—Flamed red, unspotted .. 9d. each; 8/- doz.
Rose Giant.—Rosy pink flamed .. 9d. each; 8/- doz.
Ruby Queen.—Carmine rose; very fine .. 9d. each; 8/- doz.

Collection (1 each of 5 varieties), our selection, for 3/6.

Tigridia pavonia

TULIPS

Plant February to May—October Flowering.
(Freight Extra.)

Tulips succeed best in an open position and throw up flowers of great substance on long stems. All the best colours are in our mixture. Plant bulbs about 4 inches deep in the ground. When planting, give a liberal supply of lime, and plant early for best results. We find bonedust the best manure.

Darwin Separate Named Varieties. 6d. each; 4/6 doz., 33/- 100.

Aradne.—Crimson red.
Baron Tonnaye.—Bright rose, pale margin.
Bartigon.—Geranium-like red.
Bouton d'Or.—Golden yellow.
Clara Butt.—Light pink.
Dream.—Mauve and heliotrope.
Farncombe Sanders.—Cardinal red, light centre.
Gretchen.—Silvery pink.
King Harold.—Deep crimson maroon, dark centre.

Fine Mixed Varieties	From 2/6 to 3/6 each
Johnsoni. —Bright red, with white stripe	2/6 each
Named Varieties	From 3/6 to 7/6 each

HYACINTHUS CANDICANS (Cape Hyacinth).

Plant April to June—December and January Flowering.

Commonly called the Giant South African Snowdrop. Perfectly hardy, having tall spikes 2 to 3 feet high. Sweet scented, pure white bell-shaped flowers 9d. each ; 8/- doz.

MORPHIXIA (Buff Ixia).

Plant January to June—November and December Flowering.

Longiflora.—Flowers are a buff coral-red colour 2/- doz.

NERINES AND LYCORIS.

Bulbs obtainable mostly all the year round. March and April Flowering.

Rose Queen.—Fine rose shade, 2/6. **Bowdeni.**—Rosy magenta, 1/6. **Coral.**—Red, 3/6. **Corusca.**—Brilliant scarlet, 1/3. **Elegans alba.**—Pure white, 1/3. **Rosea.**—Bright red, 1/6. **Sarniensis.**—Rose crimson, 1/3. **Fothergilli.**—Vermilion scarlet, 2/-. **Filifolia.**—Red, 6d. each. **Japonica (Lycoris radiata).**—Deep red 1/- **Lycoris sanguinea.**—Carmine red 2/- **Lycoris squamigera (Purple Spider Lily)** 2/-

Our Selection of 6 Named Varieties of Nerines for 7/6.

ORNITHOGALUM.

Plant January to June—October and November Flowering.

Very hardy bulbs, which will thrive in any soil without attention. Very free-flowering, and increase rapidly. Plant from 1 to 2 inches deep.

Arabicum.—Large, white, with black eye 3d. each ; 2/6 doz. **Aureum.**—A rare South African variety, with orange gold-coloured flowers. 1/- each ; 10/- doz.

Chincherinchee.—Pure white, with dark eye. Very long-keeping sort.

The well-known South African cut-flower variety. 6d. each ; 5/- doz.

Double.—Tall growing, full double white ; rare variety 1/3 each

Umbellatum.—Has loose clusters of white flowers, with grass-like leaves ; free flowering 3d. each ; 1/9 doz.

RICHARDIA.

Plant April to August—Summer Flowering.

A hardy class of Arum or Calla Lilies, grown not only for their handsome flowers, but also for their ornamental leaves.

Aethiopica.—Common white Lily of the Nile 6/- doz.

Alba maculata.—Cream white, dark base 9d. each

Elliottiana (The Golden Calla).—Rich golden-yellow flowers, foliage spotted white 1/6 each

Mrs. Roosevelt.—Deep rich yellow, violet base 2/- each

Rehmanni (Pink Calla).—White, turning pink 2/- each

Solfatara.—Free-flowering primrose, dark blotch 1/6 each

SCHIZOSTYLIS COCCINEA (Kaffir Lily).

Plant April to August—July to September Flowering.

Produce Gladiolus-like flowers in great profusion. Valuable for cutting purposes.

Coccinea.—Brilliant crimson-scarlet flowers .. 6d. each ; 5/- doz.
Mrs. Hegarty.—Hybrid. Deep rose-pink shade. 6d. each ; 5/- doz.

SCILLA (Wood Hyacinths).

Plant January to June—October and November Flowering.

Charming little Hyacinth-like flowers, very hardy, and will grow almost anywhere.

Alba.—White, 1/6 doz. ; 10/- 100. **Cerulea.**—Blue, 1/6 doz. ; 10/- 100. **Rosea.**—Rose, 2/6 doz. **Mixed Colours,** 1/6 doz. ; 10/- 100.

STERNBERGIA (Autumn Crocus).

Plant October to March—March and April Flowering.

Lutea.—Bright yellow Crocus-like flowers .. 6d. each ; 5/- doz.

SNOWFLAKE.

Plant January to June—September and October Flowering.

Giant Snowflakes.—White, pale green flowers .. 2/- doz.

SPARAXIS (Harlequin Flower).

Plant January to June—October and November Flowering.

Mixed Colours .. 1/3 doz. ; 9/- 100

VALLOTA (Scarborough Lily).

Obtainable all the year round—March and April Flowering.

Purpurea.—Flowers deep sanguine red, with lighter throat ; free blooming, and very hardy .. 1/6 each

BULB FIBRE.

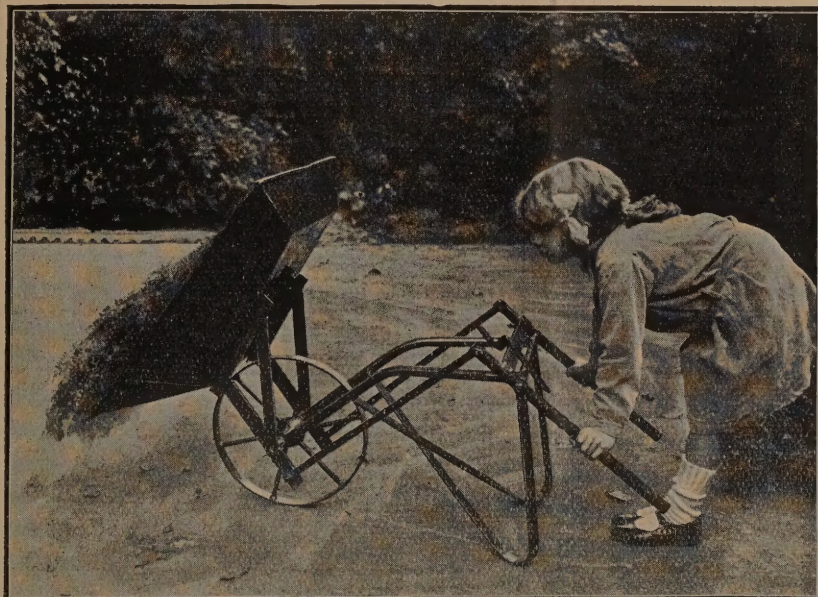

Specially prepared by us for the cultivation of Bulbs in bowls.
6d. lb. ; 4-lb. bag, 1/9 ; 7-lb. bag, 3/- ; 14-lb. bag, 5/6 (Freight Extra).

Scilla (Wood Hyacinths)

THE CARTER Automatic Tip Wheelbarrow

Patent No. 6756-32

The illustration depicts a child of 8 years old tipping a load of 1½ cwt. of earth, which, owing to the construction of this all-iron patent barrow, she wheeled with ease.

Recognised as the Most Important Time and Labour Saving Horticultural Invention of Recent Times.

FEATURES:

1. A MAN'S Barrow that can be used with ease by a woman, or even a child.
2. Load is discharged instantly and without effort by a simple downward pressure of the handles.
3. Constructed entirely of metal by master craftsmen, ensuring long life.
4. There is no side strain on either barrow or user.
5. Nothing to get out of order.

Price - 42/6

Freight Extra

Every other form of Wheelbarrow is obsolete by comparison

The Carter Automatic Tip Wheelbarrow is made to last a lifetime. The large wrought iron wheel, 16in. in diameter with spokes welded ensures great strength. When wheeling, a simple handy locking device prevents accidental tipping. There is no side strain. Contractors state that more barrows are ruined by continual side tipping than by any other means.

Tree, Shrub, and Native Seeds, etc.

Special Quotations for larger quantities will be furnished on application.

Any variety not mentioned in this list we will try to secure.

NOTE.—Varieties marked (*) are ornamental flowering sorts.

ACACIA SEEDS

All the varieties of Acacia listed, 6d. pkt.; 2/6 per Collection of 6 Separate Sorts.

Baileyana (Cootamundra Wattle).
 Cultriformis (Knife-leaved Acacia).
 Cyanophylla (Bluish-leaved Acacia).
 Dealbata (Silver Wattle).—Height 90 to 100 feet.
 Decora (Graceful Wattle).—8 to 10 feet.
 Decurrens (Black Wattle).—30 to 100 feet.
 Discolor (Sunshine Wattle).—8 to 10 feet.
 Elata (Tall or Cedar Wattle).—30 to 60 feet.
 Falcata (Bastard Myall or Burra).—25 to 30 feet.
 Fimbriata (Fringe Wattle).—10 to 20 feet.
 Florabunda (Many-flowered Acacia).—15 feet.
 Howitti (Sticky Acacia).—8 to 10 feet.
 Itaphylla (South Australian Wattle).—8 to 12 feet.
 Linifolia (Long-leaved Acacia).—8 to 12 feet.
 Longifolia (Flax-leaved Golden Wattle).—8 to 12 feet.
 Lophantha (Cape or Crested Wattle).
 Melanoxylon (Blackwood Tree).—40 to 100 feet.
 Myrtifolia (Myrtle-leaved Acacia).—5 to 8 feet.
 Normalls (Queen Wattle of N.S.W.).
 Obtusata (Blunt-leaved Acacia).—7 to 8 feet.
 Ornithophora (Kangaroo Acacia).—10 to 12 feet.
 Oxycedrus (Prickly Wattle).—10 to 12 feet.
 Pendula (Weeping Myall or Boree).—20 feet.
 Podalyriaefolia (Mount Morgan Acacia).
 Polybotrya (var. foliosa).—40 feet.
 Prominens (Golden Rain Wattle).—15 to 20 feet.
 Pruinosa (Frosty Wattle or Mottle Barked).
 Pycnantha (Golden Wattle).—20 to 30 feet.
 Rhetinodes (Bald or Ever-flowering Acacia).—12 to 20 feet.
 Saligna (Weeping Wattle).—12 to 20 feet.
 Spectabilis (Mudgee Wattle).—8 to 12 feet.
 Suaveolens (Sweet-scented Acacia).—6 feet.
 Whiteli (White's Wattle).—20 to 30 feet.

SHRUB AND TREE SEEDS

6d. pkt., or 5/- doz., except where otherwise priced.

Abies Douglasi (Silver Fir) .. 4/- oz.
 Ades Menziesi (Menzies' Spruce) .. 5/6 oz.
 Actinotis helianthi (Flannel Flower).
 Angophora subvelutina (Apple Tree).
 Arbutus unedo (Irish Strawberry Tree).
 Brachychiton diversifolia (Kurrajong).—Ornamental shade tree.
 Callitris robusta (Great Murray Pine).
 Calycanthus Florida (Allspice Tree).
 Casuarina stricta (She Oak).
 Cedrus Atlantica (Atlas Cedar).
 Cedrus deodara (Deodar).
 Ceratonia siliqua (Carob Bean) .. 1/6 oz.
 Cupressus macrocarpa.—The well-known hedge plant, suitable for quick results .. 1/6 oz.
 Cupressus Lawsoniana .. 2/- oz.
 Cupressus torulosa.
 Eugenia Smithii (Lilly Pilly).
 Genista Andreana.—Upper petals golden yellow and the lateral ones rich wallflower crimson.
 Genista Canariensis.—Pale yellow; 6 feet.
 Genista Florida.—Bright yellow flowers.
 Genista monosperma.—White flowers; 10 feet.
 Grevillea robusta (Silky Oak).—A fine Australian native flowering tree .. 4/- oz.
 Hardenbergia monophylla.—Purple.
 Hakea laurina, syn. eucalyptoides (The Pincushion Flower of West Australia) .. 1/- pkt.
 Jacaranda mimosaefolia .. 6d. per pod
 Melaleuca leucadendron (Inland White Tea-tree Queensland).
 Melaleuca styphelioides.
 Mella azedarach (White Cedar).—35 feet.
 Pinus insignis.—A most useful tree .. 1/6 oz.
 Pinus laricio (Corsican Pine) .. 2/6 oz.
 Pinus ponderosa (Yellow Pitch Pine) .. 2/6 oz.
 Pinus strobus (Weymouth Pine) .. 2/6 oz.
 Pittosporum.—The well-known hedge plant. Undulatum, eugenoides, and nigrescens are foliage plants. Undulatum is an Australian native tree. Seed of all three varieties .. 1/6 oz.
 Schinus molle (Pepper Tree) .. 1/6 oz.
 Spartium tuncum (Yellow Spanish Broom).
 Tree Lucerne (Tagasaste or Cytisus) .. 9d. oz.
 Tristania conferta (Brush Box).
 Telopea speciosissima (Waratah).—National flower of N.S.W. 1/- pkt.

EUCALYPTUS SEEDS

All Varieties of Eucalyptus 6d. pkt., except where otherwise priced.

Alpina (Alpine Gum) .. 1/- pkt.; 2/- oz.
 Amygdalina (Peppermint Gum) .. 3/- oz.
 Botryoides (Bastard Mahogany) .. 3/- oz.
 Calophylla (Red Gum of Western Australia).—Large white flowers. 1/- pkt.; 5/- oz.
 *Calophylla rosea.—Flowers pink .. 1/- pkt.
 *Citriodora (Lemon-scented Gum) .. 1/- pkt.; 3/6 oz.
 *Casia.—Pink-flowered variety .. 2/- pkt.
 Cornuta (Yate Tree of S.W. Australia) .. 2/6 oz.
 Corynocalyx (Sugar Gum).—A very rapid-growing variety. 2/6 oz.; 22/6 lb.

CORYNOCALYX (Dwarf-growing Variety)

This variety is preferable to the ordinary Sugar Gum for shelter. The branches are carried well down towards the ground, and the foliage is much thicker than in the old variety, thus rendering it more valuable for this particular purpose. It can be highly recommended for the Western District. Height 20 feet.

1/- pkt.; 3/- oz.

Corymbosa (Bloodwood) .. 3/6 oz.
 Crebra (Ironbark of N.S.W.) .. 3/- oz.
 *Crucis.—Glaucous, ovate small silver leaves .. 1/- pkt.
 Diversicolor (Karri Gum) .. 1/- pkt.; 3/6 oz.
 *Eremophylla.—Dwarf red-flowering Gum .. 1/- pkt.
 *Erythrocorys.—Yellow, scarlet cups .. 1/- pkt.
 *Ficifolia (Crimson-flowered Gum) .. 1/- pkt.
 Gigantea, syn. regnans .. 3/6 oz.
 Globulus (Tasmanian Blue Gum) .. 3/- oz.
 Gomphocephala (The Tooot Gum) .. 1/- pkt.
 Gonolacylex (Victorian Spotted Gum) .. 3/6 oz.
 Gunnli (Cider Tree).—Useful timber tree .. 3/- oz.
 Hemiphloia (Common Box) .. 3/- oz.
 Lehmanni (var. cornuta) .. 2/6 oz.
 Leucoxylon (Ironbark Gum) .. 2/6 oz.
 *Leucoxylon rosea.—Pink flowers .. 1/- pkt.
 Longifolia (Woolly Butt) .. 3/- oz.
 *Macrocarpa.—Flowers dark crimson, somewhat darker than E. ficifolia, but the individual flower is much larger, about 3 or 4 inches in diameter. The foliage is of peculiar shape, resembling that of E. globulus, and tough, with mealy whitish appearance. A shrubby variety. 1/- pkt.
 Macarthurii (River Woolly Butt) .. 3/6 oz.
 Macrandra (Salt River Shrubby Gum) .. 1/- pkt.
 Maculata (Spotted Gum of N.S.W.) .. 3/6 oz.
 Macrorhyncha (Stringy Bark of Victoria) .. 3/- oz.
 Marginata (W.A. Jarrah) .. 1/- pkt.; 3/- oz.
 Microcorys (Tallow Wood) .. 3/- oz.
 Melliodora (Yellow Box of Victoria) .. 3/- oz.
 Muelleriana (Yellow Stringybark) .. 3/- oz.
 Obliqua (Stringybark) .. 3/- oz.
 Patens (Harvey River Black Butt) .. 3/- oz.
 Paeucifolia, syn. coriacea (White Drooping or Swamp Gumtree of N.S.W., Victoria, and Tasmania) .. 3/- oz.
 Pilularis (Blackbutt of Northern States) .. 3/- oz.
 Polyanthemos (Red Box) .. 3/- oz.
 *Preissiana.—A beautiful garden variety. Large flowers of deep lemon yellow colour .. 1/- pkt.
 *Pyriformis.—Large red-flowered Gum .. 1/- pkt.
 Regnans (Mountain Ash of Victoria) .. 3/6 oz.
 Resinifera (Red Gum of N.S.W.) .. 3/- oz.
 Risdoni (Risdon's Gum) .. 1/- pkt.; 5/- oz.
 Robusta (Swampy Mahogany) .. 3/- oz.
 Rostrata (Red Gum of Victoria) .. 3/- oz.
 Sideroxylon (Black Ironbark) .. 3/- oz.
 Steedmanni.—A new variety of Flowering Gum. The flowers are golden yellow, while the operculum or cap is a beautiful red shade. The bark of the tree is almost red, and shines as if polished .. 1/6 pkt.
 *Stricklandii.—Golden yellow .. 1/- pkt.
 Stuartiana (Apple-scented Gum) .. 3/- oz.
 *Tetragona.—Silvery leaves, white flowered .. 1/- pkt.
 *Tetraptera.—Large red flowers .. 1/- pkt.
 Torquata.—Red flowers .. 1/- pkt.
 Viminalis (Manna Gum) .. 3/- oz.
 Eucalyptus, Mixed .. 2/- oz.

LAWN GRASSES

RE-CLEANED AND MACHINE-DRESSED.

Owing to the fluctuations of the market, it is impossible to affix prices to several varieties of grasses.

Quotations will be sent Post Free on application.

SOWING QUANTITIES.

For a new lawn allow 1 oz. of seed per square yard, or 1 lb. per square containing 16 yards. For renovating old lawns sow at the average rate of $\frac{1}{4}$ to $\frac{1}{2}$ oz. per square yard or $\frac{1}{4}$ to $\frac{1}{2}$ lb. per square containing 16 square yards, according to the existing state of the lawns.

VARIETIES OF GRASSES USED FOR LAWNS.

(Specially Machine-cleaned.)

Chewing's Fescue
Couch Grass
Creeping Bent
Crested Dogtail
Kentucky Blue Grass

Perennial Rye Grass
Red Fescue
Rough-stalked Meadow Grass
Waipu Browntop
Wood Meadow Grass

Price on application.

GILL & SEARLE'S SPECIAL BOWLING GREEN, TENNIS COURT, AND CROQUET LAWN MIXTURE.

As supplied to most of the leading Bowling, Tennis, and Cricket Clubs in and around Melbourne.

This mixture is composed of all the finer grasses, which will make a firm and lasting turf. It contains no Rye Grass or Clovers.

3/- lb.; 45/- bushel.

GILL & SEARLE'S SPECIAL LAWN MIXTURE.

A scientifically prepared mixture of grasses suitable for Gardens, Lawns, etc. Free from foreign matter, and contains no Clover. Unexcelled for lawns.

 $\frac{1}{2}$ lb., 1/3; 1 lb., 2/-; 10 lbs., 15/-; 30/- per bushel of 20 lbs.

SPECIAL MACHINE-DRESSED IRISH RYE GRASS FOR LAWNS.

This is a splendid quality, free from all foreign matter, specially saved from old pastures and thoroughly Perennial.

7d. $\frac{1}{2}$ lb.; 1/- lb.; 15/- per bushel of 20 lbs.

BUFFALO GRASS (Roots Only).

Plant from September to December.

Makes an excellent lawn, particularly in dry districts. Grows well on any soil, and produces a good sward, even on pure sand. The roots should be planted during the spring and summer.

5/6 per half-sack; 10/- per sack.

"LAWNEX"

Kills weeds on Lawns, Bowling Greens, and Tennis Courts. For particulars, see Sundries Page.

FLORAPHOS

THE WONDERFUL GARDEN MANURE.
CONCENTRATED—SOLUBLE—ODOURLESS.

This fertiliser has proved itself, and is used by all Leading Gardeners and Nurserymen. Floraphos fed fortnightly will work wonders in the garden. For Vegetables, Flowers, and Lawns, it stands alone.

This wonderful concentrated garden fertiliser is all pure plant food, and no surplus waste material. It is derived from nitrogen in the air by a modern electrical synthetic process, and combined with soluble phosphates, providing the highest analysis of all fertilisers.

DIRECTIONS FOR USE.

A dessertspoonful dissolved in a 2-gallon can of water makes rich liquid manure, odourless and without trouble to prepare. Water this freely, during growth. At this strength it will not injure even delicate plants or leaves.

Dry, sprinkle it on beds at any time—a dessertspoonful (half-ounce) to each square yard, and water into the soil.

Trial Packets, 4d. each (Postage, 4d. extra); 2-lb. Cartons, 1/9; 7-lb. Bags, 5/3; 14 lbs. or over at 8d. per lb.

Gill & Searle's "Grendon" Nurseries

Lovers of flowers are cordially invited to visit and inspect our Nurseries, particularly during March, April, and May, when the Dahlias are flowering. Many other plants of interest can be seen throughout the year. Visitors are always welcome, there being no obligation to purchase.

Our "GRENDON" NURSERIES are situated at the corner of HAMPTON STREET and CENTRE ROAD, NORTH BRIGHTON. The Hampton Street bus from North Brighton Railway Station passes the gate.

THE NURSERIES ARE OPEN FROM 8 a.m. TILL 5 p.m. DAILY, SUNDAYS AND HOLIDAYS EXCEPTED.

Telephone Numbers: Nurseries, X 4310; Warehouse, F 3645, F 3646, F 6885.

WE OFFER THE CHOICEST STRAINS OF FLOWER AND VEGETABLE SEEDS

AGRICULTURAL SEEDS

Grasses and Clovers for Permanent Pastures

SPECIALLY MACHINE-CLEANED.

Owing to the fluctuations of the market we are unable to state prices. We shall be pleased to quote at lowest market rates. When inquiring for samples and prices, kindly state approximate quantities required.

COCKSFOOT (*Dactylis glomerata*).

Sow from 30 to 40 lbs. to the acre. Best New Zealand Seed.

COUCH (*Cynodon dactylon*).

Exceedingly valuable for sowing on embankments for binding. Sow 10 to 12 lbs. to the acre.

CRESTED DOGSTAIL (*Cynosurus cristatus*).

Sow with other grasses from 2 to 5 lbs. to the acre.

CREeping BENT OR RED TOP (*Agrostis alba*).

Sow, if alone, 20 to 30 lbs. to the acre.

CHEWING'S FESCUE (*Festuca duriuscula* var. *Chewing's*).

A Perennial variety of Hard Fescue, if sown alone, 20 lbs. to the acre.

HARD FESCUE (*Festuca duriuscula*).

Hardy and robust variety. Sow, if alone, 40 lbs. to the acre. Hardy Perennial.

KENTUCKY BLUE GRASS (*Poa pratensis*).

Sow, if alone, 30 lbs. to the acre, or 2 to 4 lbs. if mixed with other grasses and clovers.

PASPALUM DILATATUM (Golden Crown Grass).

Valuable drought-resisting grass. Sow during the spring and autumn months, 6 to 8 lbs. per acre. Prime Hand-shaken Seed.

PHALARIS BULBOSA.

("The King of all Winter Grasses.") Sow 2 lbs. to the acre, 4 lbs. broadcast.

PRAIRIE GRASS (*Bromus unioloides*).

Sow 40 lbs., if alone, to the acre.

RED OR CREEPING FESCUE (*Festuca rubra*).

Excellent for enduring severe droughts. If sown alone, 30 to 40 lbs. to the acre.

RHODES GRASS (*Chloris virgata*).

One of the greatest drought-resisting grasses ever introduced. Sow 2 to 4 lbs. to the acre; sow in spring.

RIB GRASS (*Plantago lanceolata*).

Specially adapted for sowing on sheep runs. Sow, if alone, 20 lbs. to the acre.

ROUGH-STALKED MEADOW GRASS (*Poa trivialis*).

Sow, if alone, 30 to 40 lbs. to the acre.

IRISH RYE GRASS (*Lolium perenne*).

Too well known to need description. Hardy Perennial. Sow 30 to 40 lbs. to the acre.

RYE GRASS, NEW ZEALAND (*Lolium perenne*).

Sow, if alone, 30 to 40 lbs. to the acre.

RYE GRASS, WIMMERA (*Lolium subulatum*).

Grows well in the Wimmera, Mallee, and other warm districts. If sown alone, 40 lbs. to the acre.

RYE GRASS, WESTERN WOLTHS (*Lolium Western Woldicum*).

A most productive forage and pasture grass. Of wonderful vitality, and will grow on sodden soil. Sow 40 lbs. to the acre.

RYE GRASS, ITALIAN (*Lolium Italicum*).

If sown alone, 40 lbs. to the acre.

RYE GRASS, VICTORIAN OR WESTERN DISTRICT.

Sow 40 lbs. to the acre.

TIMOTHY GRASS (*Phleum pratense*).

If sown alone, 30 lbs. to the acre.

WALLABY GRASS (*Danthonia semiannularis*).

A valuable permanent native grass. Sow 15 to 20 lbs. to the acre.

WAIPU BROWNTOP (*Agrostis tenuis*).

Recommended for Bowling Greens, Golf Putting Greens, and Croquet Lawns.

WOOD MEADOW GRASS (*Poa nemoralis*).

Most useful in the formation of Pastures, Lawns, etc. Does well in shady positions. If sown alone, 30 lbs. to the acre.

YORKSHIRE FOG (*Holcus lanatus*).

If sown alone, 20 lbs. to the acre.

Permanent Pastures

GRASS SEED MIXTURES.

For the laying down of land to Permanent Pastures.

We shall be pleased to send specifications and to quote prices per acre. Clients are requested to furnish full details as to area of land to be laid down, description of same, situation, and as to whether already partially grassed.

Lucerne

HUNTER RIVER.

Genuine broad-leaved, upright, dodder-free Lucerne.

The King of Fodder Plants. Excellent for Cattle, Horses, Sheep, etc. Should be grown by every farmer. Triple Machine Cleaned by up-to-date machinery.

"FODDER CROPS FOR AUSTRALIA."

(By Leslie H. Brunning.)

This book will be found a valuable reference work, as it contains full details of Cultural Information, Utility, etc., of the very best of the Fodder Plants suitable for Australian conditions.

Price, 2/6 per copy. Post Free.

Clovers

ALSYKE (*Trifolium hybridum*).

A Perennial variety. It produces enormous crops of good fodder. Sow, if alone, 12 to 14 lbs. to the acre, or 2 lbs. if mixed with other grasses.

BURR CLOVER (*Medicago denticulata*).

Specially suited for growing on dry land or hillsides. Sow, if alone, 10 to 12 lbs. to the acre.

BERSEEM OR EGYPTIAN CLOVER (*Trifolium Alexandrinum*).

Annual Clover, which does well in poor soil. Sow in autumn 15 to 20 lbs. broadcast to the acre.

BOKHARA CLOVER (*Melilotus leucantha*).

Also called Sweet Clover. A Perennial which grows well on poor soil. Sow 10 lbs. to the acre.

Clovers—continued.

CLUSTER CLOVER (*Trifolium glomeratum*).

This Annual Clover spreads rapidly, and yields an abundance of good pasture. Mixed with other Grasses, sow 2 to 4 lbs. to the acre.

COW GRASS OR PERENNIAL RED CLOVER (*Trifolium pratense perenne*).

Yields an immense crop, which is highly nutritious. 15 lbs. required to sow an acre by itself, or 3 to 5 lbs. if mixed with other grasses.

GIANT COW GRASS CLOVER (Extra Prime).

Vigorous grower, and is splendid for milk production. If alone, sow 15 lbs. to the acre; if mixed with other grasses, sow 3 to 5 lbs. to the acre.

ITALIAN SCARLET CLOVER (*Trifolium incarnatum*).

An Annual Clover, excellent for an early crop. 12 to 15 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

KING ISLAND MELILOT (*Melilotus Indica*).

A valuable Clover for pasturing. Suitable for poor quality land and sandy wastes near the sea shore. 15 lbs. seed required to sow an acre.

RED OR BROAD CLOVER (*Trifolium pratense*).

Yields an immense crop. 20 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

LOTUS MAJOR (The Greater Birdsfoot Trefoil).

A deep-rooting Perennial Clover, producing an enormous amount of fodder. Can be grown with equal success on the richest or poorest soils. Sow 15 lbs. alone, or 3 to 4 lbs. when sown with other grasses.

STRAWBERRY CLOVER (Clean Shelled Seed).

A very valuable variety for damp lands. Sow 2 to 3 lbs. to the acre.

SUCKLING CLOVER (*Trifolium minus*).

Annual Clover. Does well in sandy soils. Mixed with other grasses, sow 2 to 3 lbs. per acre.

TREFOIL OR HOP CLOVER (*Medicago lupulina*).

Hardy Clover for sheep pasture, suitable for cold districts. Sow with other grasses, 2 to 3 lbs. per acre.

SUBTERRANEAN CLOVER (*Trifolium subterraneum*).

A valuable fodder plant; thrives in any soil. Highly esteemed by pastoralists. If sown alone, 5 to 7 lbs. to the acre, or 2 lbs. if mixed with other grasses.

WHITE DUTCH CLOVER (*Trifolium repens*).

Valuable in pastures, either for dairying or fattening, and will thrive in comparatively poor land. Sow 12 to 14 lbs. to the acre by itself, or 2 lbs. if mixed with other grasses.

Forage Crops

WHEN INQUIRING FOR SAMPLES AND PRICES, KINDLY
STATE APPROXIMATE QUANTITIES REQUIRED.

Rape

DWARF ESSEX (The Great Feed for Sheep). True Broad-leaved Dwarf Essex.

Sow in autumn or spring, from 4 to 6 lbs. to the acre.

WHITE MUSTARD.

Sow with Rape as a preventive of bloat and scouring. $\frac{1}{2}$ to $\frac{3}{4}$ lbs. per acre is ample.

Sorghums and Millets

FOR GREEN FODDER PURPOSES.

SORGHUMS.

SUDAN GRASS.

Great drought-resisting summer fodder, adaptable to all climates, and will grow on any soil. Sow 6 to 8 lbs. in drills, 15 to 20 lbs. broadcast to the acre.

SORGHUM SACCHARATUM.

A very nutritious summer Fodder Plant, excellent for cows. Sow 14 lbs. broadcast, or 7 lbs. in drills to the acre.

AMBER SUGAR CANE (Var. Sorghum).

Gives an enormous amount of fodder. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

BROOM CORN.

Largely grown as fodder for feeding stock. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

IMPHEE, OR PLANTER'S FRIEND.

One of the most popular of the Sorghum family. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

JOHNSON GRASS, OR EVERGREEN MILLET.

A Perennial variety of Sorghum which has now come largely into use. Sow 8 to 10 lbs. in drills, 12 lbs. broadcast to the acre.

JAPANESE MILLET.

Very productive well-known variety, rapid grower. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

SEED MAIZE.

We carry stocks of all the leading varieties of Maize, and shall be pleased to quote for quantities on application.

Seed Grain

It must be distinctly understood that all Seed Grain is sold for
NETT PROMPT CASH ONLY. Exchange must be added to
Cheques.

Rye (60 lbs. bushel); Cape Barley (50 lbs. bushel); Maize (56 lbs. bushel); Wheat (60 lbs. bushel); Oats, Algerian, Stout, White (40 lbs. bushel).

Field Root Crops

SWEDES.

(Sow October to January, 2 to 3 lbs. per acre.)

CHAMPION PURPLE TOP, ELEPHANT PURPLE TOP,
SKIRVING'S PURPLE TOP, DEFIANCE PURPLE TOP.

MANGELS.

(Sow September to December, 4 lbs. per acre.)

MAMMOTH LONG RED, CHAMPION YELLOW GLOBE.

GIANT HALF SUGAR MANGELS.

(Sow September to December, 8 lbs. per acre.)

WHITE TOP, ROSE TOP.

FIELD TURNIPS.

(Sow October to December, 2 to 3 lbs. per acre.)

PURPLE TOP YELLOW ABERDEEN, WHITE GLOBE, PURPLE
TOP MAMMOTH.

FIELD CARROTS.

(Sow September to February, 4 lbs. per acre.)

YELLOW BELGIAN, WHITE BELGIAN, SINCLAIR'S CHAMPION.

SUGAR BEET.

(Sow September to November, 8 lbs. per acre.)

VILMORIN'S IMPROVED.

GIANT SILVER BEET.

"A Wonderful Fodder Crop."

(Sow September to November, 4 to 6 lbs. per acre.)

Four Purpose Crops

For Green Manuring, Winter Feed, Cleaning the Land, etc. The following mixtures are made up by ourselves, and are mixed in proportion to meet the different requirements:—

No. 1.

Half bus. Ryecorn
Half bus. Dun Peas
7 lbs. Golden Tares
Half bus. Algerian Oats

No. 2.

Half bus. Ryecorn
Half bus. Dun Peas
Half bus. Cape Barley
Quarter bus. Algerian Oats
7 lbs. Golden Tares

Prices on Application. Special Quotations given for large areas.

Various Agricultural Seeds

NOTE.—Nothing less than Half-bushels will be charged at the Bushel rate. When writing for Samples and Prices, please state approximate quantity required.

Buckwheat (Japanese).—Sow 1 bushel to the acre.
Field Cabbage (Giant Drumhead).—A late variety, growing to an immense size; very solid. Largely cultivated.
Cabbage or Kale (Thousand-headed).—Invaluable as a fodder for sheep. Sow 2 to 3 lbs. to the acre.
Chou Moellier.—A valuable fodder plant. Sow 2 lbs. to the acre in drills.
Cow Peas.—A valuable fodder plant, sheep being very fond of them when in flower. Sow 1 to 1½ bushels to the acre.
Cattle Pumpkin.—Plant three or four seeds in a patch, 12 feet apart each way. Sow 2 lbs. to the acre. **Crown, King of the Mammoth, Ironbark.**
Hemp.—Sow 60 lbs. to the acre broadcast.
Linseed or Flax (56 lbs. to the bushel).—Sow early in the spring or autumn at the rate of 1½ bushels to the acre.
Field Peas, Dun, Grey, or Partridge.—Sow broadcast at the rate of 2 to 3 bushels to the acre (60 lbs. to the bushel).
Sunflower.—Extensively grown for poultry feeding: Sow 8 to 10 lbs. to the acre.
Soy Bean.—Sow in the spring, planting about 30 lbs. to 60 lbs. per acre.
Tares or Vetches (60 lbs. to the bushel).—Excellent for green feed. Sow in the autumn, 2 bushels to the acre.
Tick or Horse Beans (60 lbs. to the bushel).—Sow 2 bushels to the acre.

Tobacco Seed

An ounce of Tobacco Seed contains between 300,000 and 400,000 seeds. Quite 70 per cent. of these are infertile, consequently an ounce of seed will provide sufficient plants for from 4 to 6 acres of heavy tobacco and 2 to 4 acres of Cigar tobacco, the latter being closer in the field to obtain better texture. Space will not permit dealing with the cultivation or harvesting of tobacco, and growers are recommended to write to the Department of Agriculture for their 94-page illustrated **Bulletin No. 53**, which deals thoroughly with all phases of tobacco growing, harvesting, and curing. **Price 3d. per copy.**

We can supply the following varieties of Tobacco Seed:—
CONQUEROR, HICKORY PRYOR, YELLOW PRYOR, DUN-GOWAN WARNE, GOLD LEAF, WHITE STEM ORONOCO, SPOTTED GUM, KENTUCKY YELLOW. 6d. pkt. For larger quantities, price on application.

Kikuyu Grass

KIKUYU GRASS is indigenous to British East Africa, in which country authorities describe its value as a veritable "mortgage lifter." Kikuyu is not selective in its choice of soils. It stands frost satisfactorily, and is an excellent drought-resister. It is highly recommended for sandy and all light soils.

20/- per bag. A bag makes approximately 750 to 1,000 sets.

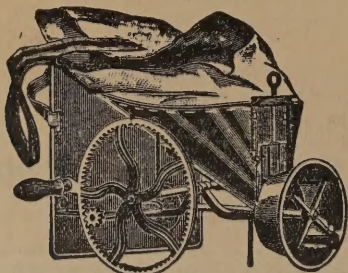

Poa aquatica

The wonderful water meadow grass. For reclaiming wet or swampy grounds. **Roots, 25/- per sack; 15/- per ½-sack. Carriage extra.**

CAHOON HAND SEED SOWER

The Best, Simplest, and Easiest Running Hand Seed Sower on the market. Sows evenly and uniformly any desired quantity at the rate of from 4 to 6 acres per hour. Easily and quickly adjusted. Can be used for broadcasting fine and large seeds, including Kentucky Blue Grass, Ryegrass, Cocksfoot, Lucerne, Clovers, Millets, Sudan Grass, Oats, Barley, Wheat, Ryecorn, etc. Weight when empty, only 5½ lbs.

Price: 32/6 each, plus tax (Freight and Packing Extra).

Anything not listed in this Catalogue will gladly be procured to facilitate the convenience of our clients. Our aim is "Service and Satisfaction."

DO YOU REQUIRE A GARDENER ?

We consider our "Gardener Supply Service" as very important, as a garden reflects more or less the qualifications of the person in charge. So one of the principals of our establishment pays special attention to this matter and to the best of his ability acquaints himself as to the merits and respectability of a gardener before recommending him. Clients, therefore, requiring permanent gardeners or casuals will please get in touch with us, when we shall be pleased to give them the benefit of our experience and knowledge in making a selection. We make no charge for so doing, this being part of "Our Service."
